STARS SHINE WHILE
SUN SMILES ON
BATTLING BOYS

Meaning Champ Athletes Meet In Heat—and Heats—for Rotary Club Prizes

A whole host of boys—their backs baking in the summer's sun—took part in the Rotary field meet this morning at Moyse field, Glendale Union High school. They were competing for seventy-five prizes in twenty-five events, the various articles being valued at more than \$100.

The Rotarians were there to see that everything was run off all right under the direction of high school "G" club members. A. T. Blanford, physical director of the city schools, acted as starter in many events, while Atwood Dutcher wielded a wicked megaphone.

While there was no audience much other than the several hundred youngsters participating and the officials of the event, it was a great treat to see somebody like little Tommy Muff leading a whole field of larger boys in one of the sprints.

Punish Fruit Punch

The entrants were put over the jumps, in the race heats, the shot put and other events in record time. V. M. Hollister acted as scorer as he was chairman of the athletic day committee of the Boys' Week program, which closes tomorrow with Boys' Day in church.

Rotarian "France" J. W. Henry, the Glendale brrrrrrweerrrrr, was present, with twenty gallons of Sierra Club fruit punch, but he made a great mistake about having the ice wagon call at the high school. Everything but the punch got the ice and many a piece of ice, or its owner, got a punch.

Otherwise it was an ideal day, no
(Continued on Page 13)

Glendale People Are Rainbow Ball Guests

A number of Glendale people attended the Rainbow ball at the Ambassador hotel last night, given by the Rainbow Division Veterans and unversity by the Sport Dance club of Los Angeles. The Glendale members of the famous Rainbow Division which fought one year and a half in France were: Stanley Gorman, Douglas Walther, Frank Littell, Edwin Adler, Walter Michel, Fred Burt, Frank Marshall, Howard Rockhold, Lieutenant J. E. Rockhold, Harold Wells, and Hugh Freeman.

The ball was a magnificent affair, being attended by many prominent persons of Los Angeles. Besides the dance music furnished by the Ambassador orchestra, the music for special dances was provided for by special radio music and was very successful. Special entertainment was so a feature of the evening.

Those from Glendale who attended the affair were: Mr. and Mrs. Wayne Smith, Mr. and Mrs. B. Douglas Balthis, Mr. and Mrs. Frank Little, Ila Mae McClammy, Harry Gorman and Stanley Gorman.

Committees Discuss Plans for Convention

A meeting of all of the committees which had been appointed to have charge of the various details in connection with the state convention of the Women's Christian Temperance union, to be held in Glendale the latter part of this month, was held yesterday afternoon in the parlors of the First Baptist church, with Mrs. J. B. Smart, president, in charge. At the meeting yesterday it was noted that the co-operation of the church council and chamber of commerce had been assured in regard to decorating the city and it was anticipated that the whole city would come in welcoming the state officers and delegates. It is expected that more than 500 members of the union will be in attendance at the conven-

Auto Camping Party to Cross Continent

Mr. and Mrs. A. I. Gillies and son, Jr., of 117 South Belmont street, also their other son and daughter-in-law, Mr. and Mrs. Archie Gill, left yesterday afternoon by automobile on a cross-continent trip to Montana and Canada. They were equipped with camping outfit. The eastern trip will be made by way of the Santa Fe trail and the return trip by way of Canada. They expect to return to Glendale early in August. Both Mr. and Mrs. Gillies were born in the east and are planning to visit their relatives there.

ARMY BILL UNDER ATTACK

WASHINGTON, May 13.—The rearmament pay bill of the army, navy and marine corps was brought up in the house and subjected to a virulent attack by Representative Clegg, Democrat, of Alabama. Clegg charged the bill would decrease the pay of the private in the army one month and the apprentice seaman in the navy \$12 a month, while the pay of officers in both services would be increased.

VERY ANNOYING

The champ posed out by yonder tee.
The dub stood by his side.
But they were all the same to me,
That doggone game's a tragedy,
I'd hang myself on nearby tree,
Ere I gave up my pride.

You see, a dub's a dub all right.
You know his inmost soul.
He'll stay out there till dead of night.
But still his form's a holy fright,
And then the champ hits one just right,
And knocks it in the hole.

"The pitchers," announces an exchange,
"were hit hard on both sides."
That being the case, it is
to be hoped that they didn't over-
look the middle.

THE FOOLISH MR. KEARNS

This man Jack Kearns is a foolish piece of cuticle, right enough. Foolish like a fortune hunter. He knows very well just whom Dempsey will meet next. Also just when and where. But he realizes the value of doing all his talking with his mouth shut just at this time.

As a result, every man interested in affairs pugilistic is speculating on the matter of the champion's next move without arriving at any definite conclusion beyond the fact that he is giving Messrs. Dempsey and Kearns much valuable publicity. And arriving at that conclusion doesn't seem to alter matters. He goes right on trying to anticipate the next

move, if any, and Kearns goes right on letting him do it.

LOONEY LINES

"Dumb" Dan Morgan declined to talk to newspaper men the other day because publicity is always distasteful.

ABOUT COMISKEY

Of course, Charley Comiskey has been in baseball long enough to know what he is doing, yet when it comes down to letting a couple of thousand dollars stand between him and the first division, a reasonable doubt may be advanced as to the wisdom of his attitude toward Dick Kerr. The latter, by long odds the best left-hander in the American league, is said to have demanded a \$10,000 contract, a none too exorbitant figure.

Comiskey, it is claimed, stood on his flat feet at \$8000. There they parted, Kerr to go on the ineligible list, Comiskey to sit back and watch what is probably a second division ball club.

The White Sox, however, could easily be figured a pennant contender with Kerr pitching every fourth day. They are getting fine pitching from Faber, Robertson and Hodge, but they are not enough to carry the club far. Kerr won nineteen games for a seventh place team last year and would most certainly do better with the White Sox at the moment. All of which means that Comiskey saves \$10,000 on Kerr's salary and loses several times that amount in gate receipts.

The World Over

By Franklin B. Morse
PACIFIC SPORTS SERVICE

For a featherweight like Johnny Dundee to go into the ring with a man like Lew Tindler, who scales over the lightweight limit, may be all very heroic and game, but it is mighty poor business. There can be no question about the gameness of the little Italian, but likewise there is no question that beatings such as he received recently at the hands of Tindler will not do him any good for the future. Ring followers generally are of the opinion that beatings which Bat Nelson took in the ring had much to do with cutting short his career, for Nelson always was a fighter who was willing to take a punch in order to administer one to his opponent.

With Johnnie Weissmuller on his way to Honolulu where he will compete in a number of swimming meets there is no reason why this merman should not accomplish in the water just what Charley Paddock did there recently on the track. Paddock stated that the climatic conditions of the islands were ideal for the sprinter, for there were no cold winds and air to stiffen the muscles. The same will stand good in the case of Weissmuller for the waters as well as the air of Hawaii are gentle. It is expected that Johnnie will add some more new records to the nearly two dozen he already has created in the last year.

After ten years in the major leagues, George Whitted, veteran

Sports Chatter

By Bill Unmack
PACIFIC SPORTS SERVICE

Cincinnati Reds 76, San Francisco 5.

Yes, it's a baseball score of an honest-to-goodness game played at San Francisco. Few of the local baseball fans in any part of the country will remember it, for it was the result of one of the games played during the tour of the famous Cincinnati team in the summer of 1869. The Cincinnati team made history as it was the first team to tour the country and the first professional game played on the Pacific coast. In that famous team were such world-famed stars of the day as Al Spalding, George Wright, Asa Brainard, Cal McVey, Douglas Allison and others. The team made a tour of the country covering 11,877 miles, playing 56 games and losing only one and tying another, scoring 2395 runs against 574 by their opponents.

The games played on the Pacific coast against San Francisco team resulted as follows: Cincinnati 35, Eagles, S. F., 4; Cincinnati 54, Pacific 5, and Cincinnati 76, San Francisco 5.

A baseball fan writes us for the Pacific Coast league record of the largest number of hits made in one season. Miller of the Oaks holds that distinction with 280 safeties, having made his record in the 1920 season, breaking the previous record of 272 made by Frisk of Seattle in 1904. The five leading hitters, for a season's batting, show:

Miller, Oaks, 280, 1920.
Frisk, Seattle, 272, 1904.
Siglin, S. L., 270, 1921.
Tobin, S. L., 265, 1917.
Middleton, Oaks, 260, 1915.

As compared with the first four series last year, the present series of the Pacific Coast baseball for four weeks is considerably in the background as far as extra inning games are concerned. Last year an even dozen games running from ten to twenty-two innings were played for a total of 155 innings as against nine

outfielder, objects to being relegated to the minor leagues. Well, they all have to come to it sooner or later and George just might as well not try to wear out his boots kicking against the decrees of fate and time. It comes tough for they all hate to admit that they have been relegated into the distinguished and numerous order of "Has-beens."

When the manager of a team shows conduct on the field of play that merits suspension or a walk to the shower baths, there are many who believe that the punishment meted out to him should be more severe than that accorded to the players. A manager is expected to set an example to his team and as the manager acts so is it likely that his team will act. The indefinite suspension recently of Manager Huggins of the New York Americans for arguing with an umpire seems indicative of the fact that Huggins overstepped his rights in the matter. When his men get unruly and out of hand on the field the manager often has no one but himself to blame.

We recently saw a statement by Ty Cobb, the report alleging that the veteran ball player had admitted that he is pretty nearly through as far as his playing days are concerned. Some caustic critics allow, after looking at the percentage column and observing that the Detroiters are in the American league cellar position, that Ty may also be through as a manager.

University of Washington students have started a drive to raise funds to send its eight-oared crew to the regatta at Poughkeepsie. Several thousand dollars are wanted for the fund and the students are asked to subscribe \$600 while the general athletic funds will be drawn on for a large amount and outside subscriptions are also being taken.

SHERIFF CANDIDATE SLAIN
OMAHA, Neb., May 13.—Patrick Lavell, democratic candidate for sheriff of Douglas county, was killed early today in a fight with police. Before he fell, Lavell shot and fatally wounded one of the officers. Lavell is said to have mistaken the police for holdups and opened fire when he was returning to his home in the early morning hours.

FOR THE SUN SHINES BRIGHT
The haberdashers are all hats this week. Straw hats, too. They have just plain kelleys, some imported, pretty panamas, snappy bankoks and so on. Betcha you'll buy one now!

BE OUR GUEST

You are invited to take a trip with us to see Hamilton's No. 3, located in Huntington Beach, California's wonderful oil field. The last Sunday's Times speaks of our well being 300 barrels. We are not satisfied with that and intend to go down to the deeper oil sands. For reservations phone Glendale 983-R, or call at office. H. L. Bentley Co., 112 South

New Cleaning, Dyeing and Pressing Concern

The Boulevard Dye Works is the name of a new cleaning, dyeing and pressing establishment being opened at 402 North Brand boulevard, which will emphasize superior work and prompt service.

W. J. O'Brien and N. M. Cupp formerly lived in Douglas, Ariz. For the past year they have been residents of Los Angeles and, therefore, feel that they are regular Californians. They like Glendale so well that they have decided to go into business here. Mr. Cupp has gotten located here already and Mr. O'Brien expects to move his family to Glendale as soon as his children have finished the present school term.

Competition does not frighten either Mr. O'Brien or Mr. Cupp, they say. They believe that "the race is to the swift."

DIXIE CUP CONTEST NOTES - - -

Up at the Broadway Pharmacy came a proud mother and announced to Mrs. Geo. A. Whitaker that she had named her brand new daughter "DIXIE." She thought it a very clever name, and why shouldn't she?

"A state cannot effectively insure itself against physical disease unless it begins with its children." —Sir George Newman.

Gee, the baby sure has a good start with that name.

Ad. No. 8

An Arab Steed

The love of an Arab for his horse is history and has been handed down as a beautiful example of affection between man and beast. The interchange of staunch gratitude for loyal service. The modern man and his car are very much like the Arab and his steed. The true motorist is devoted to his automobile. He shelters it, has its weak parts overhauled, treats it with consideration in exchange for its ready service.

The true motorist, therefore, gives to his car the best obtainable in fuel—

Hercules Gasoline

because he knows that on the fuel used depends the life of his faithful ol' bus. Hercules is a sure-fire, clean, first-run gasoline, testing a high gravity and adaptable to the engine of even an airplane. It does not choke cylinders.

Velvo Motor Oil

"A California Product"

to the tired car, is what a rub-down is to the weary horse. It does not heat; resists friction; lengthens the life of the parts.

Locals and Personals

Mr. and Mrs. E. B. Sutton and family have moved from 225 West Burchett street to Twin Pines at 727 East Windsor Road this week. Mr. Sutton is Nash dealer here.

The Pacific avenue Parent-Teacher association, of which Mrs. Mae Rosenberg is president, will have their meeting at the school Thursday at which time election of officers for the ensuing year will take place.

Dr. A. W. Teel of 608 North Maryland avenue will leave tonight by train for Yosemite, where he will attend the California State Medical association convention to be held there May 15 to May 18.

Work has already begun on the construction of a motion picture theatre to be opened by the United Theatres in Eagle Rock on South Central avenue, near Colorado boulevard.

A meeting of the federated societies of the Glendale district is to be held at the First Methodist church Monday afternoon, May 15, at 1:30 o'clock. Miss Lula Graten of India; Miss Laws, a native of China, and Mrs. F. C. Kelley, worker among the lepers, will be the speakers.

Dr. F. M. Rossiter of 201A West Broadway is now conducting a heart clinic each week at the White Memorial Hospital in Boyle Heights. He recently studied in London for a number of months under Sir Thomas Lewis who is recognized as the greatest specialist on the heart in England.

W. G. Stratford, 1016 Virginia Place, has accepted a position with the Concrete Lumber company as manager of their plant. This is located on South San Fernando Road about two miles from the city limits of Glendale. It manufactures lumber from concrete. Mr. Stratford believes the business has a big future.

An open meeting of the Shakespeare section of the Tuesday Afternoon club of which Mrs. A. H. Montgomery is president, will be held on Monday afternoon at the home of Mrs. George Cribbs, 327 West Patterson avenue. Mrs. E. Cavanah, vocalist, and Miss Alma Geiger, pianist, will present several numbers for the program.

J. Malcolmson Huddy of Pasadena, formerly tenor at the First Baptist church of Los Angeles, has been engaged as permanent tenor by the First Presbyterian church of Glendale. Mrs. Frank Arnold of Glendale will fill the place of Mrs. Helen Graham Cole as soprano in the quartet of the church at the special "Victorious Life Conference" services to be held on Sunday.

A large attendance from Glendale, Eagle Rock and vicinity is anticipated at the dance to be given tonight, May 13, by the Bird Rock club of Eagle Rock at the Woman's club house on Colorado boulevard in that city. Last week's dance proved to be very popular and an equally jolly time is anticipated for tonight. Music for dancing will be furnished by Antrims Syncopated orchestra.

The meeting of the high school Parent-Teacher association, of which Mrs. E. B. Wyman is president, will take place at the high school on Wednesday afternoon, 3:15 o'clock. The business session will continue until about 4 o'clock, when the girls of Miss W. Hobush's class, assisted by the girls of the school, will be hostesses to the mothers of the association at a tea.

Mr. and Mrs. E. H. Botsford of Glenwood Road will entertain at their guests at dinner tonight Mr. and Mrs. Frank Phillips, Mr. and Mrs. Herman Fox of Los Angeles, and Mr. and Mrs. S. E. Allen and Miss Sarah Allen of Glendale. On Sunday, Mr. and Mrs. Ben Williams of Hollywood and Mrs. Barrett of Indiana, who has been spending the winter in Hollywood, will be their guests.

Mr. and Mrs. B. G. Sutherland and friends, Mr. and Mrs. J. Goldner, who have been guests for nearly two weeks at Camp Potter, Big Bear Lake, returned to Glendale on Tuesday of this week and experienced the novelty of driving out of Bear valley during the height of the recent snow storm which visited that region. Mr. Sutherland is well known in Glendale having conducted the Gardner Motor Car agency and but recently took over the Maxwell agency in Huntington Park.

Locals and Personals

Mr. and Mrs. V. M. Tresslar of 320 West Lexington Drive enjoyed a motor trip Thursday to La Habra.

Mrs. E. J. Young and Mrs. McLennan of Hermosa Beach were luncheon guests Thursday of Mrs. R. L. Young of 1007 North Brand boulevard.

Mrs. B. L. Brown of Kansas City, who is now making her home in Los Angeles, was the luncheon guest yesterday of Mrs. Bert P. Woodard of 214 North Maryland avenue.

A major operation was performed yesterday afternoon upon Miss Pearl Jay of 455 East Hill avenue, Eagle Rock, at the Glendale Sanitarium hospital.

Dr. and Mrs. Kaiser of Kansas, who are returning east next week after a month's visit in California, were guests yesterday afternoon at the home of Mrs. H. H. Wiebe, 438 Burchett street.

Mrs. C. A. Redmond of 331 West Harvard street was hostess at luncheon Wednesday to Mrs. Frank Adams of Pasadena, Mrs. F. L. Fox, Mrs. V. M. Tresslar, Mrs. Lionel Wolf and Mrs. W. A. Tanner.

Mrs. A. M. Williams of 208 South Orange street returned last night from El Centro, where she has been spending the past week visiting her husband, who is in business in that city.

Mrs. Ella Upton of 801 Wilson avenue returned several days ago from Riverside, where she spent the first part of the week attending the annual department encampment of the Women's Relief Corps of Southern California.

Rev. and Mrs. C. R. Norton of 801 East Wilson avenue, accompanied by Miss Nettie Campbell of North Everett street, motored to Sycamore Canyon on Thursday, where they were guests at the home of Mr. and Mrs. P. S. McNutt.

While cranking an unruly "flivver" yesterday afternoon Ivan A. Crocker of West Doran street got his wrist in the way of the crank, and as a result is carrying the injured member around in a sling today. One of the small bones in his wrist was fractured.

Mr. and Mrs. M. M. Betz and daughter of 405 Hawthorne street and Mr. D. J. Reynolds have just returned from a week's motor trip by automobile to Saboba Hot Springs. While there they enjoyed short motor trips to nearby points of interest.

Mrs. James Wagner of 416 West Myrtle street entertained with a luncheon Thursday in honor of Mrs. Elizabeth Hollenbeck. The other guests included Mrs. Agnes Lawrence, Mrs. R. Robinson, Mrs. Andrew Keller, Mrs. Clarence Kaighin, Mrs. Hamlin, Mrs. Beck, Mrs. Charles Glover and Mrs. Emma Hollenbeck.

Mrs. E. Coker of 315 South Glendale avenue was hostess yesterday afternoon to the members of the Royal Neighbors Circle at a social afternoon, with over twenty present. Plans were made for a social evening to be held Thursday at 8 o'clock of P. hall, at which time a program will also be given. At the close of the afternoon refreshments were served.

O. B. Fetzer, the manager and buyer for the meat market at Smith's grocery on South Brand boulevard, is a newcomer to this city and is already so favorably impressed with conditions in general that he is planning to move from Los Angeles in the near future and make his home as well as his business location. Mr. Fetzer is occupying the position that was vacated recently by the resignation of Archie J. Harrison.

The regular meeting of Glyn Eyrie chapter, O. E. S., was held last night at Masonic Temple, with about seventy-five members present. Mrs. Fannie M. Parke, worthy matron, in charge. At that time announcement was made of the annual ball to be given by the local chapter at Masonic Temple the evening of Friday, May 19. On account of the large membership only members of Glyn Eyrie chapter and their escorts will be admitted with their guests, each couple being allowed one couple as their guests for the evening.

C. F. Parker of 221 North Central avenue returned yesterday from the department convention of the G. A. R. Woman's Relief Corps, Sons of Veterans and Daughters of Veterans, which had been held this week at Riverside. Mr. Parker was elected chairman of the California delegates to the national convention to be held in Des Moines, Iowa, in September. Mrs. Parker will accompany her husband east at that time. Both Mr. and Mrs. Parker were former residents of Des Moines and are looking forward to a pleasant visit there.

The annual men's night was observed by the members of the R. T. W. class of the First Baptist church last night at the home of Mr. and Mrs. Harry W. Chase, 1470 East Wilson avenue, with an attendance of over fifty. Little Margaret Chase entertained with several vocal numbers, after which tables were placed and progressive games enjoyed. The home was beautifully decorated with an abundance of roses and bridal wreath. During the evening refreshments were served by the hostess, Mrs. P. L. Hatch, Mrs. J. R. Bentley, Mrs. Park Arnold, Mrs. Robert Morrow and Mrs. Harry Chase.

GLASSCOCK TO ALHAMBRA
Ben Glasscock of 360 West Elk avenue, who has been employed at the Pacific Telephone & Telegraph company office here in the operating department, has been transferred to Alhambra, where he is wire chief.

Young people's meetings at 6:30, and night service at 7:30. Sermon topic, "The Art of Happiness."

CHRISTIAN SCIENCE
First Church of Christ, Scientist, corner Maryland and California avenues. Services Sunday at 11 a. m. and 8 p. m. The lesson sermon, "Mortals and Immortals," is from the Christian Science quarterly Bible lessons. Sunday school at 9:30 o'clock. Wednesday evening testimony meeting at 8 o'clock. Reading room, Room 12, Ralphs building, Broadway at Orange street. Open daily except on Sunday and holidays from 12 to 5 o'clock. Also every Tuesday, Thursday and Saturday evenings from 7 to 9 o'clock.

CONGREGATIONAL
Central and Wilson. Rev. C. M. Calderwood, pastor. Mrs. C. A. Parker, director of music. 9:45. Church school. O. E. Von Oven, superintendent. 10. Morning worship. Sermon, "The Cost of the Church." Prelude, "Romance" (Schumann); anthem, "Onward, Christian Soldiers" (Schnecker); male quartette, "When We Stand Before the King" (Nevin); Messrs. Comfort, Franklin, Abell, Yarrick. 6:30, Christian Endeavor will meet with Stillman Chase at 400 Riverside Drive. Topic, "How Can We Help Our Church?" Leader, Isabel Franklin.

ST. MARK'S EPISCOPAL CHURCH
Corner Louise and Harvard streets. The Rev. George W. Cornell, D. D., officiating. Church school, 9:45 a. m. Morning prayer and sermon at 11 o'clock. Miss Lida Lilch, choir director. Mrs. Jose-

phine Kitt, organist. Prelude, Hymn Celeste (Grey). Processional Hymn, "Ten Thousand Times Ten Thousand" (Dykes); Venite (Crotch); To Deum (Kotzschmer). With haritone solo, H. E. Townsend, and soprano solo, Miss Louise Ayala. "Jubilate Deo in G" (Hanscom), baritone solo, Mr. Townson; anthem, "Beloved, If God So Loved Us" (Barby); Recessional, "Hark, The Sound of Holy Voices;" Postlude, "Hallelujah Chorus" (Beethoven).

TROPICO PRESBYTERIAN CHURCH
Central avenue and Laurel street. Mothers' Day will be observed at the morning service. Dr. Winnard, pastor, will read the Scripture lesson from his mother's Bible, a volume now more than a century old. The sermon topic will be "The Shunamite Mother." The special music for this service will be under direction of Mrs. H. B. Goldsborough. Several new members have been received by the session and these will be publicly welcomed at this morning service. The subject of the evening sermon will be "Some Things Time Does Not Change." Evening music in charge of Dr. St. Clair and a men's chorus choir will lead the gospel song service. Sunday school and Christian Endeavor at the usual hours. All are welcome.

CHRISTIAN AND MISSIONARY ALLIANCE
Gospel Tabernacle, 310 East Chestnut street. The Christian and Missionary Alliance is a fraternal and interdenominational society for the promotion of the pure gospel of Jesus Christ at home and abroad. Orthodox, Scriptural, Spiritual and Loyal. Jesus—Savior, Sanctifier, Healer and Coming King is the message. Sunday, May 14, the service is as follows: Sunday school, 9:45 a. m. Sermon, Rev. Philip Hinkley, 11 a. m. Young People's Society, 6:30 p. m. Evening sermon, Rev. Hinkley, 7:30 p. m. Bible lesson, Tuesday, by Rev. Geo. W. Davis, Los Angeles 7:30 p. m. Bible class for women at home of Mrs. J. Rhea Baker, 351 North Maryland, 9:30 a. m. Prayer meeting, Thursday, 7:30 p. m. A cordial invitation is extended to the public to visit any or all of the services.

FIRST METHODIST CHURCH
Corner Wilson and Kenwood. Rev. Clyde Monroe Crist, D. D., pastor. Carl C. Seidler, A. B., director of religious education. Church school (graded), 9:30 a. m. Prof. A. W. Tower, superintendent. Preaching services at 11 o'clock and 7:30 o'clock. Morning theme, "Mother." The sermon and music will be especially appropriate. A number of persons will join the church, many of them in doing so, will especially honor their mothers. Sunday evening the service is evangelistic. Rev. Dr. Collins will preach. Dr. Collins is not only a man of great ability but one also with evangelistic fervor. Epworth and Intermediate leagues, 6:30; unit leaders meeting, 6:30; evening evangelistic service, 7:30. The following excellent musical program is provided, with Miss Isabelle Isgrig directing and Mrs. Alice Ripley at the organ. Morning: Gloria in Excelsis (J. Harrison); anthem, Mother's Prayers Have Fulfilled. (Continued on Page 11)

No More Dreary, Weary Wash Days

—Those little joy-killers — backache, worry and discontent—are absolutely unnecessary when you call us to haul away your washing every week, and return it to you promptly.

—We'll handle your finest wearables as carefully as you do yourself. Such a service costs very little as you'll find if you give us a trial.

A GOOD TIP

TO MAKE THE RIGHT BUY IN A LOT Invest your money in a restricted lot or build your home just as close as it is possible to the wealth of your section. Not often this is possible—IS IT?

Exclusive But Not Expensive

Why Not the Best—It's Your Money

Annandale Restricted Lots Are Surrounded by Only Wealth and Club Grounds, Not Additions of Little Houses and Business Centers.

Annandale ESTATES LOTS

Opposite Annandale Country Club, Colorado Boulevard, Between Eagle Rock and Pasadena—Only 50-Foot Lots in Section

NOTICE! IMPORTANT FACTS FOR YOU TO KNOW AND TO THINK ABOUT.

—When you buy a lot consider location, restrictions, lay of land and what's going to be built around the addition. After you buy it's too late.

—In Annandale Estates you have without question the location, with Club Golf Links on two sides (THE CLUB OWNS THE PROPERTY, TOO), then on the east highly restricted residence lots—the north you'll find some of the most beautiful estates in CALIFORNIA. THIS IS ALL THERE NOW. NO TALK ABOUT WHAT'S GOING TO BE, BUT COME SEE FOR YOURSELF.

—I have sold to a class who know my property, too; yes, some of them have known it for fifteen to twenty years. I am using no bunk—I have the lots and they are priced right, too.

Public School at Corner—
A Wonderful Place to Live—
Each Lot a Beauty, Too—

Lots \$1500 to \$2000

TERMS—\$300 Cash, \$200 in Six Months, Balance in One and Two Years

—Improvements in and paid for. Remember, about 7½ miles from Seventh and Broadway, Los Angeles. Surroundings are positively the best possible.

Think! What Will These Lots Be Worth One Year From Now? What Better Investment Can You Offer on So Small a Cash Payment?

—By making intelligent comparison of location, Prices, Terms, Improvement—in fact, in every detail you might think of—you will see for yourself "It's Wise to Buy" one lot anyway.

CHANGED ATTITUDE IS INDICATED BY L. A. OFFICIALS

Resolution on Sewer Problem
Shows Tolerant View in
Regard to Neighbors

At a meeting of the Burbank Chamber of Commerce last night, Attorney G. H. King spoke, among others, on the sewer question and read the following resolution passed by the Los Angeles board of public service commissioners, which shows a changed attitude toward the suburbs since they have initiated a plan of having sewer farms.

The resolution, under date of May 5, which was dug up by Mr. King, reads as follows:

"Be it resolved, by the board of public service commissioners of the city of Los Angeles that it earnestly hopes that the authorities of our neighboring city, Burbank, may bring about some arrangement with the city of Los Angeles whereby the people of Burbank may secure the advantages of sewage disposal through and by means of the proposed new outfall sewer of Los Angeles, instead of attempting to establish a local disposal plant, as planned, in the vicinity of the Los Angeles river, from which the people of this city draw, and will continue to draw, a considerable part of their water supply."

"That this board feels that it will be obliged by its duty to Los Angeles and its inhabitants to resist the location of a sewage disposal plant by Burbank along or near the Los Angeles river, but through neighborly interest and a desire to avoid, if possible, any controversy with the people of Burbank on the subject, will be glad to lend its efforts in every practicable way for the purpose of bringing about an understanding between the two cities regarding joint use of outfall sewer facilities."

Special products are carried in New England on motor trucks, reaching a radius of 1500 miles.

Jack Dempsey Coming Home; Tells of Plans

LONDON, May 13.—Cheered by hundreds of admirers, Jack Dempsey, American heavyweight champion, departed for home today. Dempsey said that he had enjoyed his trip immensely and was glad that a fight had been arranged with Georges Carpentier, light heavyweight champion. It will take place in Europe some time before June, 1923.

"I have had a wonderful time, but when I come back in September it will be for business," said Dempsey. "Beginning in September, I will tour Europe for three months in vaudeville and will then begin training for the Carpentier fight. I intend to bring back with me a troupe of American fighters and will arrange a series of bouts. I am going to take Bombardier Wells under my wing."

"The fight game in England needs good heavyweights. I am going to bring some back with me from the states."

Both Dempsey and his manager, Jack Kearns, are confident of a victory over the French scrapper. London newspapers declare that the Jersey City result last year should warn fight fans that Carpentier is no match for the brawny American.

Friends of Carpentier believe that he can give a better account of himself fighting on European soil than he could in a strange country thousands of miles from home. The Lewis affair showed that the strength of Carpentier's powerful right is still unimpaired.

Glendale's Donations To Sail Next Monday

Recent donations of clothing from Glendale and other cities are now ready at a pier in the Wilmington inner harbor for loading upon the Ohioan, which will sail Monday for New York City. There it will be re-shipped to the Near East.

The tonnage on the Ohioan will include 250 tons of clothing and food supplies valued at \$75,000. Clothing, shoes, dried fruit and fish, canned fruit and milk and surgical appliances make up the San Francisco donation.

The freighter Nebraska, sailing in June, is expected to carry one of the largest contributions this year from the Pacific coast. Thursday, May 25, has been designated as "Bundle Day."

Merino Tailor Shop To Open Next Week

The Merino Tailor Shop is to open next week, May 16, at 212 North Brand boulevard under the ownership of A. Gelmor.

"Merinos are a breed of fine woolled white sheep," declares Mr. Noah Webster. "The males have spirally twisted horns and the ewes are hornless. The breed excels all others in the weight and quality of its fleece."

This name is considered especially significant for a tailor shop by Mr. Gelmor because it emphasizes the use of the best grade of woolen cloth.

Mr. Gelmor is one of Glendale's best known and best established tailors. He will continue to remain at his present location, 138 South Brand boulevard, and his branch store will be under the management of I. Gold, who is now located at 219 South Brand boulevard with the Glasgow Woolen Mills.

Thirty-five dollars will be the fixed price at the new establishment for three-piece suits. This price will include any sized suit cut any style desired. The lining and canvas will be of very good material and the workmanship will be guaranteed.

Mr. Gelmor believes that Glendale men should patronize their fellow taxpayers. He calls attention to the fact that he is able to offer better value for the money than can be obtained in Los Angeles.

In many cases, according to Mr. Gelmor, suits are advertised for \$35 but when a customer is being measured he is told that a vest will be \$5 extra and a good lining several dollars extra, too. He considers this action somewhat unscrupulous.

As soon as the fixtures have been installed in the new store it will be stocked with \$3,000 worth of woollens which have been purchased already. Mr. Gelmor stated that suits made from this cloth all will be \$50 value and that the first customers will get the advantage of this bargain.

In order to enable commuters to have their tailoring done in Glendale, the Merino Tailor Shop will be open until 8 o'clock each evening.

Oakridge Tract Is Now Offered Public

"One of the finest subdivisions that has been opened in Glendale is now ready to be placed on the market," remarked Frank Guillemin yesterday in the office at 405 West Elk street of the Guillemin Investment Company.

"The name of this new tract will be Oakridge. It is a very appropriate name for this beautiful tract which is adjacent to the green hills of southeastern Glendale. These verdant hills are noted for their live oak trees."

"The tract is located on the north-east slope of the hills and was originally set out with benches. Every lot will have some of these trees."

"East Cypress street, which is now at the entrance of the tract, will be continued through it to Oakridge avenue and will be made a scenic driveway."

"There is no question but that this is one of the finest view properties in Southern California. The view of Glendale and the surrounding country is magnificent."

"The Guillemin Investment Company will make this a high class property in every respect. C. L. Garretson & Son, the contractors, are now at work with their new type road grading equipment grading the streets. Other improvement, including ornamental lights, will follow as quickly as possible."

Central America to Be Subject of Talk

Central America will be described at the Presbyterian church by Rev. Robert C. McQuilkin, who recently returned from a tour there, at tonight's session of the Victorious Life Conference.

"The Walk and the Work" was the topic yesterday afternoon of Dr. J. A. Ramsey. He declared that the Christian on this side of the Great Divide should live a worthy and fruitful life that would reveal Christ, his Master, to the world.

Rev. McQuilkin spoke upon the relation between victory in the present moment and what is still ahead. He asserted that God has a future purpose of great growth and service.

"Flesh and Spirit" was the subject last night of Dr. Ramsey. He said that the true way to live after the soul is saved is with Christ in full control of life.

"To Mrs. Fannie Marple Retts is due the addition of special music which has enriched all the sessions of the conference," remarked Miss Judson Harris of 138 North Belmont street. "Her own singing as well as of the other soloists has been very greatly valued and appreciated."

Revival Meetings Are Being Held in Tent

Gospel revival meetings will commence tomorrow and continue daily for a month in a large tent near the intersection of Glendale avenue and Broadway under auspices of the Nazarene denomination.

Rev. Henry A. Leineweber, former Nazarene district superintendent, will preach at 2:30 tomorrow afternoon. The pulpit at the evening service, which will commence at 7:30, will be occupied by Jack Sanders, business manager of the Pasadena university and former business manager of the Nazarene Publishing House of Kansas City. Special music will be furnished by students from Pasadena university.

Rev. H. A. Scheideman of 1002 South Glendale avenue, superintendent of local Nazarene activities, hopes for a large attendance at the revival services.

"Our business," he said, "is to win souls for the Kingdom of God."

NOTED FRENCH RACE DRIVER TO ENTER 500-MILE EVENT

Jules Goux, for Fifth Time,
to Start at Indianapolis
in Great Contest

INDIANAPOLIS, May 13.—Jules Goux, famous French race driver, is coming to America to pilot a Ballot in the International 500-mile race for approximately \$100,000 to be held at the Indianapolis Motor Speedway, Tuesday, May 30.

He is bringing with him two Ballot cars, but the driver of the second mount has not yet been named. It is believed by Speedway officials that he will choose an American pilot as his team-mate.

Goux, among the first of the foreign invaders, halted the parade of American victories of 1911 and 1912 by winning in a Peugeot in 1913, starting a string of foreign victories that remained unbroken until the late Gaston Chevrolet won in a Yankee car in 1920. Then came Tommy Milton's Yankee victory last year.

Not In Last Year

Goux was not in the race last year, and it is said he is returning in an earnest effort to break up the American wins as he did in 1913. But he will find the Americans very firmly entrenched and might be reluctant to give an inch.

The Frenchman was wedded to Miss Ruth Davis, an Indianapolis girl, following the close of the 1920 race. He is a great admirer of Howard Wilcox, who has driven in every Indianapolis race, winning in 1919, and he was for several years a teammate with "Howdy." It is said Goux tried to get Wilcox to switch from the Peugeot which he will drive to the Ballot, but Wilcox refused.

The Ballot is the car with which Ralph De Palma thrilled the fans in the last two 500-milers by leading the field lap after lap only to have misfortune overtake him when it looked as though victory was surely his.

Makes His Fifth Start

Goux has been a consistent driver at Indianapolis. This will be his fifth start. He won in 1913; was fourth the following year and in 1919 on his return to racing after the war he placed third. In 1920 he failed to finish.

When Goux first came to America in 1913 he could not speak a word of English and it was necessary to have an interpreter with him all the time. But now he is always one of the most popular drivers around the racing camp and the drivers will receive the information of his coming with joy—from a social standpoint—but on the track it is different. They have all learned to respect the driving powers of Jules Goux.

Removing Spots

At this time of year it is particularly useful to remember that the best way to remove spots from varnish is to rub in well a little boiled linseed oil with a soft rag until all the spots have disappeared, afterward removing the superfluous oil and polishing with a soft rag.

About 200,000 Miles Auto's Record, Claim By Harry M. Miller

Harry M. Miller, realtor, of 114 East Broadway got in an argument with Harry E. White, Reo dealer and Cietrac (tank type) tractor distributor, the other night. Miller said that he owned a 1911 Reo until two years ago, which had done approximately 200,000 miles.

That got Mr. White real interested and this is the story Mr. Miller told:

"When I was justice of Burbank township I bid in a car at a constable's sale for \$60.50. It had no speedometer, but evidenced good use between 1911 and 1915 when I got it. In the four years that followed it carried me over 100,000 miles and the only reason I sold it was due to the inability to replace parts. The junk man gave me \$100 for the machine.

"In other words, I was paid \$10 a year for running the Reo."

That ended the argument.

VACATION TIME IS NEAR; HINTS FOR SAFETY FIRST

Automobile Club Gives Out
Some Good Suggestions to
Southern Californians

With the Call of the Open Road being answered by thousands, vacation days have come—although for some they seem a long way off. The public safety department of the Automobile Club of Southern California takes time by the forelock and says, "Have a good time, but be careful, and practice safety first."

In the following are enumerated some of the injuries that are liable to happen during the vacation period:

Burns—The Fourth of July has always been a source of a large number of fires and injuries. Be particularly careful in the use of fireworks, skyrockets, and other dangerous pyrotechnics.

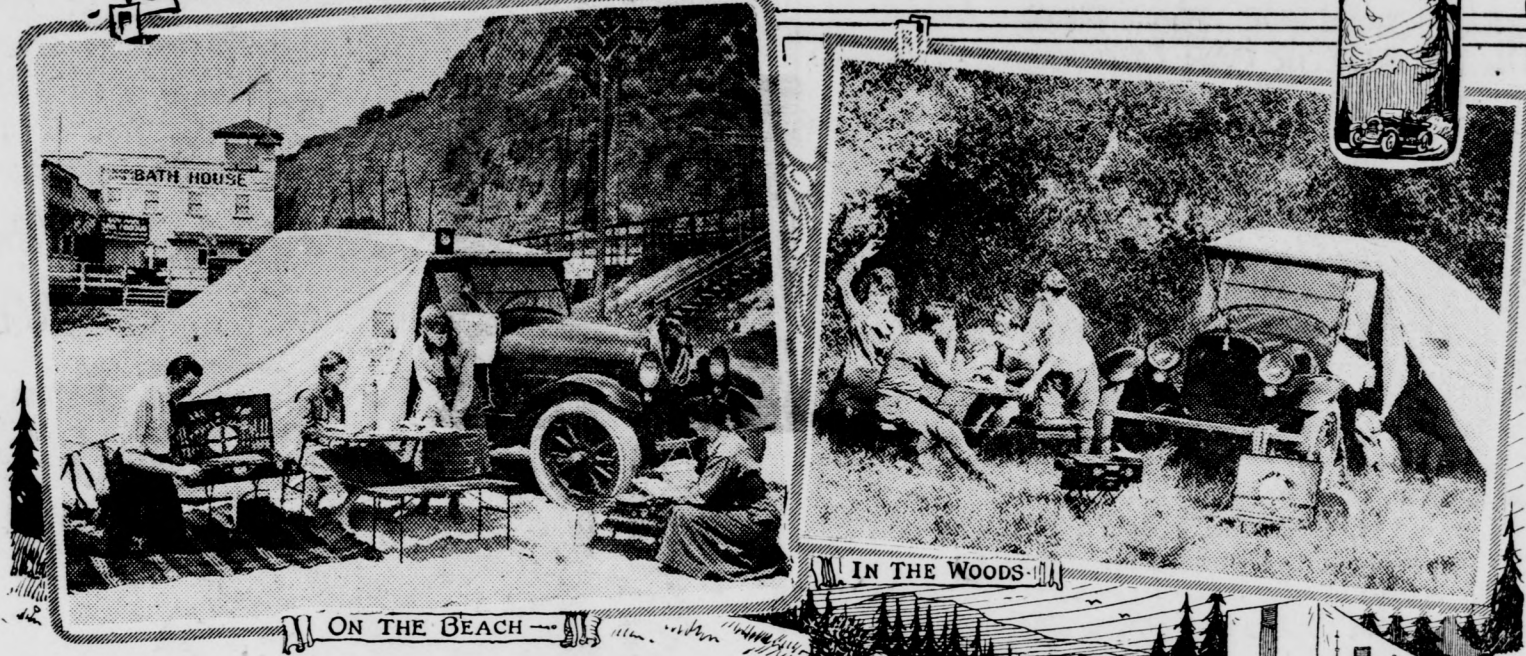

Playing with matches is conducive to starting bonfires which, during our dry spell, may lead to very serious consequences, and if they are started in the mountains, to some of the disastrous forest fires. When camping in the mountains always leave a clean camp. Never start a fire except with older people present, and then see that the fire is thoroughly extinguished with water or smothered with dirt before leaving.

Falls—The temptation to climb trees when out in the open is very great, but keep in mind that limbs which apparently are all right will break when the weight of even a

(Continued on Page 7)

BEACH AND WOODS BECKON MR. MOTORIST AND FAMILY

CAMPING ~ 1922 ~

Now is the time when all good men—who own automobiles—begin to think of beach or woods. It's going to be a great year at both. Camping equipment is modernized to such an extent that all the comforts of home may be obtained. And, just think of the fun! Many folks will try both this year.

Pleasures of Motor Trip Are Pictured

How could a week-end be spent more pleasantly than by making a trip to the beach or the woods in your motorcar?

It has become so convenient nowadays to pack the tent on the running board, the complete cooking and dining outfit on the trunk rack, dress in your old clothes and sally forth.

There are worlds to conquer in the way of scenery; there is health to recover in the way of sunshine on the sands. All that is necessary is the equipment for comfort.

The hills and the beaches give health to visitors. They provide that necessary change of atmosphere and view. It does one a great deal of good to get away for a few days—and in order to enjoy life to the full it is necessary to have comfortable camping equipment.

Southern Brazil Wants More American Autos

There is a steadily growing demand for American cars and light trucks in the Porto Alegre consular district, which includes the two southernmost states of Brazil, namely, Rio Grande do Sul and Santa Catharina. In the larger and more populous state of Rio Grande do Sul there are reported to be in use about 4500 automobiles, 3800 of which are small cars of American make. There are also in use about 180 small size American trucks, and possibly 20 heavier trucks of various makes from Europe and America. One-tenth of the figures given in each class would probably suffice for the smaller, sparsely settled, and mountainous state of Santa Catharina.

Automobiles and their maintenance cost the people of the United States \$500,000,000 annually.

Auto Supreme In California

SOMEbody HAS ESTIMATED that in 1925 this country will have 12,000,000 automobiles and trucks in operation. This same person says that 36,000,000 tires will be required each year for the fleet.

But he doesn't go any farther, for the fellow who figured out the amount of rubber the motor transport corps would need lost his mind for a month.

However, he does say that one million cars will be scrapped each year and in that statement an exception must be made.

At the present rate of accidents, two million will be scrapped annually from other than natural causes as a coroner's jury might say.

In California this will be especially noticeable, for no other section of the country is as well adapted or equipped to make motor traction so desirable or necessary.

The motor car is resorted to for pleasure or business, or both combined, by more individual units of the population here than in the case elsewhere.

SNOW SPORTS NOW BEING ENJOYED AT BIG BEAR

Foot of 'White' Falls First
of Week; Fishing Good,
Says P. V. Potter

The Evening News has just received word from P. V. Potter, owner of Camp Potter at Big Bear lake, that during the storm of Monday night and Tuesday more than one foot of snow fell. Snow is not unusual in this region at this time of the year for at times when a cold rain occurs in the valleys below, snow is the result at Big Bear lake. The recent fall of snow however has not done damage to the roads to Big Bear valley. The roads were well dried out and perfectly hard before the storm and at no time have the roads been impassable.

Mr. Potter states that after the snow ceased falling Tuesday at 5 o'clock, Bear Valley presented a very beautiful picture at sunset, which was followed by a very brilliant moon. Many visitors in the valley are experiencing their first snow in years. Snowshoes have been taken down, temporarily, from above the fireplaces again and snow sports are being indulged in for a day.

Fish Are Biting
At the time Mr. Potter sent this communication to The Evening News the sun was shining and all traces of the storm had passed. The snow was melting very rapidly and within twenty-four hours there would be hardly a trace left in the exposed places. The roads were drying out rapidly and by Thursday the usual travel to the valley via the Victorville road would be in full swing again, he predicted.

The week-end should bring a very large number of anglers to Big Bear lake for fishing in the lake has resumed its pre-storm activity and many limit catches are once again being reported.

Mr. Potter states that if you want to see Big Bear lake and Bear Valley at its best, now is the time to pay it a visit.

Drivers in Michigan Get 50-Cent License

Each automobile driver in Michigan is required to take out a 50-cent license, whether or not he owns his car, and to pass an initial examination. His record is kept up to date and at any time he proves reckless, is found driving while intoxicated, or trying to escape from the scene of an accident, his license may be revoked for a month or a year by the Secretary of State.

Loose Rivets

Few owners examine the frame for loose rivets, yet these often shake loose and fall out. A car owner recently found that two rivets which had held a cross member of the frame had slipped out and the side rail had cracked a little as a result.

SILENT DESERT IS LURE TO AUTOIST AT ALL TIMES

Many Beautiful Spots May Be
Seen On Quick Journey
Into Glorious Land

The lure of the desert might well be termed "The Silent Call," for silence—thoughtful silence—is its greatest feature. The glorious sunsets, sweeping cloud effects or dazzling display of stars are wondrous sights that cannot be duplicated elsewhere, but it is the great silence that adds to their value—silence you actually feel.

Perhaps, as venturesome motorist exploring a little known land, you pause for some time in a lonely spot in the desert. Shortly two ever-present buzzards swoop down and calmly survey you from a safe distance—and you feel the silence more than ever.

You give thanks to the inventive genius of man that makes it possible to visit the heart of our desert country in a three or four-day trip instead of having to walk and count your paces as the early pioneers did.

Many Beautiful Spots

There are many beautiful spots in our desert country. In fact, the whole desert is beautiful in a sweeping, distance-deceiving manner and the motorist who covers only our choicest paved boulevards has by no means seen southern California.

Many people have the erroneous idea that the desert is a terrifically hot region the greater part of the year; but this is not true. As a matter of fact, this year, unique for its protracted cold spell, the desert was not unlike the Arctic regions.

The month of May is perhaps the best time of year to visit our more arid regions, for it is the neutral zone between the unsettled spring and the determined summer months—and the temperature has traveled as high as 137 degrees (Death Valley) in the shade.

No Regrets for Trip

You will not regret a trip to our desert back-country if you go prepared, carrying plenty of food, bedding, gas, oil and water—and good maps.

For a more cheerful disposition the desert tourist should, if possible, provide himself with a good supply of the water he is used to for drinking and cooking purposes as much desert water is of poor quality and nothing knocks the "joy-pins" from under a person so much as a radical change in drinking water.

State Highway Made Wider by Shoulders

The state highway from Davis toward Fairfield in Yolo and Solano counties has been widened to a twenty-foot road. Work to complete it is now under way, according to an announcement by Division Engineer George Winslow, who has supervision of the work for the state highway commission.

The road to the bay was originally fifteen feet wide. The commission has just completed placing two and one-half foot shoulders upon either side of the old road. When this is completed, the road will consist of fifteen feet of asphalt and five feet of concrete.

Considerable complaint has been made by motorists because the shoulders are a few inches higher than the asphalt. Winslow explains that this was unavoidable on account of the weather conditions, but the depression will be filled with asphalt as soon as possible, he said.

Piston Rings

Badly fitting rings not only allow leaking of gasoline, but, on the suction stroke air is sucked up from the crank case, thinning the mixture and causing the motor to skip.

Sturdy Cars Demanded

Sturdiness and long life are qualities that are demanded in the modern automobile to a greater extent, perhaps, than in any other manufactured product.

Sunday YOU Will SEE the NEW COLUMBIA Special Six

Now in Glendale at the
J. C. POLLOCK & CO. 208-210 West Broadway
OLDSMOBILE AGENCY

Consider These Facts About Columbia

EQUIPMENT	PRICE
The Continental Red Seal Motor.	Special Six \$1,495
Timken Axles, front and rear.	Challenger Six \$1,295
Borg & Beck Clutch—10 in. size.	Light Six \$1,245
Durston Transmission.

The intrinsic value and enduring quality of the Special-Six have won for it the hearty endorsement of thousands of owners. It will win you, too, when you consider:

- its comfort—seat cushions of soft, genuine leather, nine inches deep; long semi-elliptic springs, front and rear. Seats five without crowding.
- its power—L-head motor, 3½ x 5, which develops 50 horsepower. Remarkable for its flexibility.
- its economy—low maintenance cost and infrequent repair shop attention.
- its beauty—body of harmonious lines built by Studebaker experts, with tailored top, which holds large plate glass rear window.
- its equipment—jeweled eight-day clock; one-piece, rainproof windshield with windshield wiper; tonneau light with extension cord; transmission lock which reduces rate of theft insurance to owner 15 to 20 per cent; one key locks tool compartment in left front door, ignition switch and transmission lock.
- its background—Studebaker's prestige and seventy years' experience in building quality vehicles assures complete satisfaction.

STORAGE BATTERIES LOSE LIFE FROM SHEER NEGLIGENCE

Battery Man Reveals Conditions Costing Motorists 25 Per Cent Usual Service

The storage battery which is used in practically all cars and trucks manufactured and in use today, is greatly overlooked and neglected by the owners and drivers of the vehicles.

Statistics compiled by a large storage battery manufacturing concern shows that there are about twelve million batteries in use in the United States and that the owners of these batteries get about 75 per cent of the real use out of them.

It seems to be the custom of the ordinary motorist to drive his car as long as the battery will turn the motor over and when this fails, he takes his battery to a service station and has it examined and recharged. However, this same motorist would not think of running his motor until it was dry before he would put it in it.

Tells of Trade-Ins

A local battery man in conversation yesterday gave some light on the situation as it is in Glendale. He said that he had sold many new batteries recently here and that, as is the custom of his company to allow a certain amount for the old battery, provided the battery is not "shot" completely. The condition of most of the turn-ins are absolutely no good, and he produced a sample battery to bear out his statements.

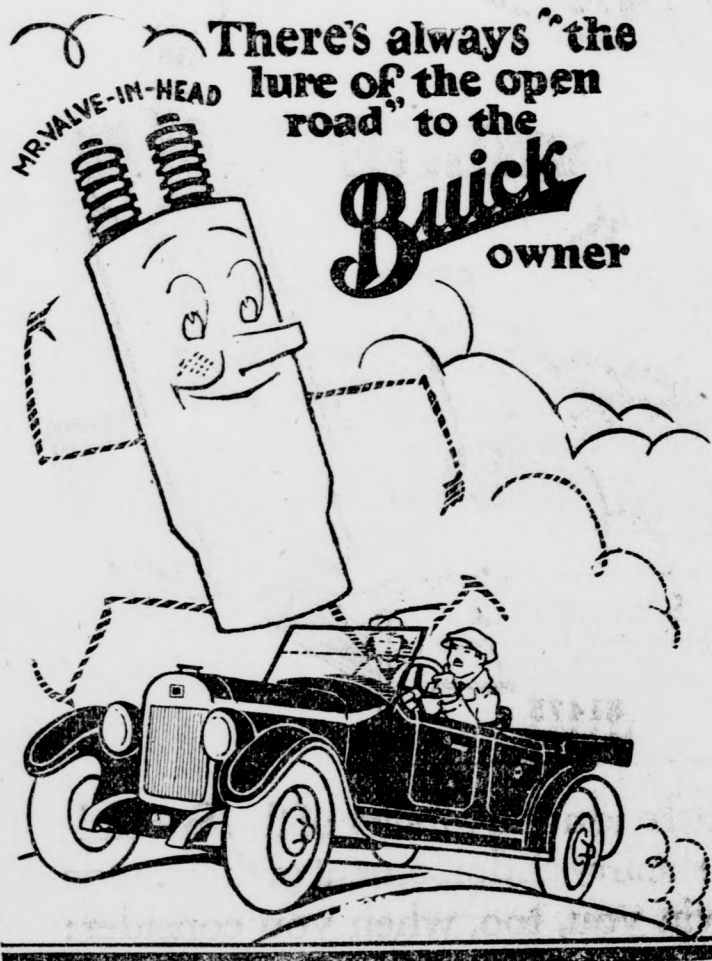

He stated that the positive plates in the batteries are invariably gone altogether and the separators all have to be replaced and possibly the battery will not have given more than 60 or 75 per cent of the service it should have.

Due to Negligence

This state of condition is usually brought about by the negligence of the drivers of the automobile who does not keep watch as to the amount of water in the cells and fails to follow the instructions sent out by the battery manufacturers when the battery is first sold. Then, again, the acid used in the batteries causes some people to shy and they are afraid to tamper with them. These same people take a trip where they can find no service before they get back to town, the battery possibly goes dry and the plates start to buckle and maybe are ruined.

I. G. Cooley Motors Company
312 S. Brand, Glendale 566-W

Yep—Nature's up and wide awake again. She's gazing down the inviting open roadways to Springland and saying, "Let's go!" Small boys are answering the call by making a survey of the "ole swimmin' hole" and Buick owners by piling the family in the car and hitting the open road to Nature's playgrounds.

Mr. Valve-in-Head is always ready to hand out passports that take you back to the carefree days. It's not a coincidence that Buick families always feel young and look happy and carefree. It's because Mr. Valve-in-Head is a real playmate and when you buy a Buick you buy thousands of miles of happiness on the joyous open road.

1600 Miles of Rail Lines Suspended in 1921, Records Show

In 1921 more than 1600 miles of railroad was suspended or discontinued principally because the revenue obtained was unable to support the steam train, according to records of the interstate commerce commission.

Edward Hungerford, the transportation expert who has made a deep study of the railroads of the United States, in a written publication says: "The steam railroads of the United States apparently came to the pinnacle of their efficiency about 12 years ago."

Motor vehicles, both freight and passenger, because of being fast, more convenient and just as dependable, have superseded the rail lines and forced them out just as did the railroads in their day of expansion when they forced out the horse-drawn vehicle and the inland water carrier, it was stated. Railroads apparently resent the motor transportation as indicated by their endeavor to cripple this type of public service through drastic legislation.

Some railroads, however, are awakening to the fact that they can make of the motor truck, an ally to their business and some, at this time are seeking to rehabilitate unproductive lines by operating gasoline trucks on the rails. This type of truck has become known as the rail car and is being used extensively on short lines throughout the country to a great advantage owing to the economy.

Some truck manufacturers are putting out a special model for this service and the truck is equipped with flanged steel wheels which fit on the railroad track.

GRADES AND PAVING COSTS OUTLINED IN STATISTICS

**Bureau of Public Roads in
Statement Tells Expenses
In Different Sections**

What part of the cost of a road goes into grading and structures which are more or less permanent and what part goes into the paving which may eventually wear out?

This question is answered fully by statistics compiled by the Bureau of Public Roads of the United States department of agriculture on 1350 completed federal aid roads, involving 7,500 miles of road at a total cost of \$112,000,000.

Of the total cost, 21 per cent went into grading, 14 per cent structures, 62 per cent paving and 3 per cent for engineering. These are the average figures for the whole of the United States and there is considerable variation in different sections.

Cost Greater in Mid-West
In the middle Atlantic states, where grading is not heavy and paving must be built for heavy traffic, the cost of paving rises to 75 per cent and grading and structures amount to 15 and 9 per cent, respectively.

In the mountain states the problem is very different, much of the work being new construction with heavy grading and where the highest type of surface is not necessary. In this group of states the cost of grading amounted to 33 per cent, structures 21 per cent and paving 41 per cent.

The percentage for California in 1922 will probably be less than 25 per cent for paving only.

J. C. Pollock Secures Agency for Columbia

The new Columbia Challenger, as well as the light and special sizes, will be on display in Glendale for the first time Sunday at the J. C. Pollock & Company show rooms, 208-210 West Broadway. Possibly only the special six will be here, but it is going to open the eyes of the local motor enthusiasts.

It is the price which attracts so much attention, it is said, and every one undoubtedly will ask how the beautiful car can be produced for as low as \$1245, depending on the model. This is explained by Mr. Pollock, who says that the Columbia is made possible through a new and unusual type of co-operation among nationally known producers of specialized motor car units.

This unusual car is a demonstration of highly specialized industry wherein each separate unit is recognized as the finest of its kind. For instance, there is the Continental Red Seal motor, which needs no introduction to the majority of automobile owners. There is a Parish frame, Harrison radiator, Stromberg carburetor, Gemmer steering gear, Timken axles, etc.

The design of the complete car is strictly modern in every way. It sets low. The seats are low and comfortable and the driving position, as regards leg reach and position of the steering wheel and location of the gear shift levers "is just right" in Mr. Pollock's opinion.

However, for those who desire variety, especially in the higher class of cars, he has the Oldsmobile, the old standby, and he is equally an ardent booster for its various models. He has something to please almost any pocketbook or taste.

Proper Air Pressure

An automobile tire, not inflated to the maximum of pressure, generates excess heat through friction while in motion. The heat burns up the strength of the fabric, thereby shortening the life of the tire.

WATCH AUTO FINISH

An automobile body that has lost its luster, the paint allowed to become cracked, and the rust of body metal exposed is in the same class with the slovenly appearing man with clothes in need of pressing and run-over heels on his shoes.

Every Employee Knows Jobs of Three Men

Every factory employee of the Oakland Motor Car company knows three men's jobs.

This unique situation has developed as the result of the close inspection system of this company, devised also to keep on hand a skilled body of craftsmen who can fill any position in the factory at a moment's notice in case of sickness to the regular operator of the job.

Every new employee is thoroughly

taught the particular operation he is called upon to supervise. In addition, he is taught the principles of the operation of the employee preceding him, and also of the employee who performs the next operation after him. For every employee inspects the operation of the man preceding him before doing additional work and inspects his work before sending it on to the next man. These inspections are made beside many inspections of the regular inspecting force. The thought underlying this system is not to have one employee discriminate against another, but to see that there is no let-down in the

quality of the work done.

The secondary result of this system is to keep on hand at all times a body of skilled mechanics. There are no green hands called upon to fill any position. All the men required for the most difficult positions are recruited from within the Oakland factories. There is ever a promotion of the older, more skilled employees to the higher positions. In like manner all the inspectors at the factories are chosen from among the men who have held several positions and who know from actual experience the kind of perfect workmanship that is required.

Farming States Lead

The largest number of automobiles in the country, in proportion to population, is found in the agricultural states, the percentage being one car to every 7.76 persons. The mining states come next, with one car to 8.61 of the population; followed by the manufacturing states, with one to 10.72.

When to Grind Valves

The valves of an engine should be ground at least every 5000 to 10,000 miles, depending on the operating condition of the motor.

Saving Sam says — "WESTERN AUTO" FOR GREATER VALUES IN —

**CAMP COMFORTS,
AUTO SUPPLIES, TIRES, Etc.**

As motorists you are vitally interested in knowing where you can get the Auto Supplies you want, when you want them, and at a price you know is much below the ordinary. This place is "Western Auto." And we stand behind every sale with a real guarantee that actually means what it says—"Satisfaction or Your Money Back." Come in and let's get acquainted.

Spark Plugs
We carry all popular makes of spark plugs. Everything from the popular Champion X at 10c to the "Guaranteed for Life" Western Giant plug at \$2.50 the set of four with extra core.

Repair Materials
For working around your car you need such things as coppers, lock washers, stove bolts, wire, etc., and loads of different kinds. We carry immense quantities of these repair materials and their cost is negligible.

Storage Batteries
Western Auto Supply Co. carries the high-grade Western Giant Battery that is warranted for a year. This guaranty means what it says, as does all Western Auto's guaranties. Get our prices before buying—they will interest you.

Water Buckets
Holds perfectly flat and takes up but little space and in case of necessity, such as filling the radiator, etc., is invaluable. Has a strainer at the spout. Our price \$1.25.

Stop Signals
Have saved thousands of dollars for motorists and are without doubt the greatest accident prevention device that has yet made its appearance. Our price \$1.65.

Auto Polishes
With a good polish and a little time you can keep your car bright and shiny. Many popular polishes, waxes and paint preservers will be found at our stores.

Mirrors
Watch the car behind you with a rear view mirror. "The road behind you before your eyes" is what it portrays to you. We have all types, both interior and exterior. 75c to \$4.65.

Nebraska Tires
A high quality fabric tire at a price that will mean 30% saving to you. Nebraska tires have proven their worth on thousands of autos. They will please you. Guaranteed 6000 miles.

AUTO TENTS
Tents of all kinds—for use on tours, for prolonged camping trips or at the beach. As simple as you like or complete with auto beds, and the conveniences of a real home. Your trips can be more enjoyable if you have a suitable tent. Prices range from \$6.75 to \$32.50.

Sea Table
"SeaTable" spells real convenience in the way of seats and table combined. Complete. \$12.50.

Gasoline Stoves
A meal may be prepared in the time it ordinarily takes to gather the fire wood. Simple to operate, quick to set up, compact and guaranteed to be safe. Priced \$6.50 to \$13.00.

AUTO ROBES
A good heavy wool robe is a great comfort to the camper as well as the motorist who drives these chilly nights. Made entirely of pure wool and will give years of service. Many types and patterns. \$6.75 to \$30.00.

Get a Complete Auto Camp
Come in and have our camp experts help you select your motor camp, supplying just enough equipment for your own particular need, and gladly giving any advice pertaining to camp equipment or camping in general.

Paints
Paint and varnish will do wonders toward adding to the appearance of your car. You can refinish it easily, efficiently and economically by getting your supplies at Western Auto.

Stewart Speedometers for Fords
Keep an accurate record of mileage for the entire season with a genuine Stewart speedometer, the favorite among auto owners. No Ford is complete without one. Price \$12.90.

Jumbo Tubes
Best quality and extra thick. Jumbo tubes with their two-year guarantee not only represent the best tube available, but also the greatest value. Get our prices.

Folding Chairs
Folding chairs of every type. May be used for extra seat in car as well as for the camper. Prices 70c to \$4.45.

Auto Clocks
You will never realize the convenience of an auto clock until you have used one. We carry many different types in stock. Key or stem wind, at \$3.95 to \$19.75.

Oylstop Piston Rings
As the name implies, this ring stops waste of oil. If your motor uses too much oil or carbonizes easily, install a set of these rings today. Each 65c.

Parts for Fords
Remember that Western Auto carries a complete line of parts for Fords. Buy your parts at our stores. You not only get quality merchandise, but also save money.

WESTERN GIANT CORDS

PARTIAL PRICE LIST	
30x3 1/2 Reg.	\$14.95
30x3 1/2 Giant	\$17.75
32x3 1/2 Giant	\$22.90
31x4 Giant	\$27.40
34x4	\$30.60
34x4	\$37.50

TAX PAID

Pharis Tires
Pharis tires have been a strong seller with us for more than eight years. A tire that is built for endurance with a practical non-skid tread. An exceptional fabric tire value. Users find they long outlast their 7000-mile guarantee.

1200 Main St. Moneta Ave. and 43d Place

VACATION TIME IS NEAR; HINTS FOR SAFETY FIRST

Automobile Club Gives Out Some Good Suggestions to Southern Californians

(Continued From Page 5)
child's body is placed upon them, resulting in serious falls.
When hiking through the mountains or in the hills, be very careful to stay away from the edge of the trails. Try to emulate the sure-footed pack animals that do not take chances and are always sure that the spot where they place their foot is safe and will support them.

The large number of buildings that are going up presents the very great attraction for climbing and exploring. The ever-present danger of falls should be kept in mind.

Drowning.—Instruct the children never to go swimming without an elder person, who is an expert swimmer, near.

Never dive unless absolutely certain that the water is deep enough to permit this sport.

It is better to go swimming more often than to stay in too long.

Never go swimming until at least an hour after eating. Give your food an opportunity to properly digest, and you will run less chance of getting "cramps."

Never dare a fellow swimmer to take chances in deep water.

Bare feet.—Bare feet and broken glass or nails are poor companions. Pick up broken glass, tacks, nails, and place them in a safe place where they will not be stepped upon by you or your playmates.

Firearms.—Never point a gun at yourself or anyone else, even in fun. Remember, it is always the unloaded gun that causes the damage.

Railroads and Highways.—Keep away from railroad and interurban tracks and highways. There are much better places to play than the railroad yards and highways and much better ways on and off cars.

Always look both ways before you cross railroad or street car tracks, whether walking or driving.

Streets.—Don't be a "jay-walker" on the city streets. Cross only at crossings. Don't play in the streets. Conduct ball games and similar sports in vacant lots.

Maxwell Moves May 15 to Its Own New Home

The building for the Glendale Motor Car company is completed and they will be located in their new quarters Monday, May 15. They have one of the finest showrooms and service stations in the valley, and as soon as all the interior decorating is done they will announce their formal opening and are contemplating a very elaborate program of interest to the people of this vicinity.

The service department and repair shop are in charge of Jack Armstrong, for many years connected with the Maxwell-Chalmers organization, also head of factory service on the Pacific coast and recognized as one of the real motor experts in the business. He is well known in Glendale, having formerly been in the repair business on West Colorado street.

The shop will be equipped with all modern mechanical devices for the repair of motor cars of all makes and Maxwell owners particularly will have every facility for the maintenance and upkeep of their cars.

TO DOLL UP AUTOS

Thousands of eastern visitors will be in California to attend the many conventions that are to be held on the coast during the summer, and throughout the state a movement has started to make California's motor cars more presentable.

Pioneer Stage Coach Driver Recalls Old Days Upon Frontier

One of the most interested visitors at the Studebaker showrooms this week was Michael Fox, who used to drive a Studebaker stage coach similar to the one on display, amid the sand and cactus. His run was from Casper to Split Rock, Wyoming, for Berry Brothers, in the late nineties.

The old coach is built of the same quality material that now marks the Studebaker motorcars, according to D. H. Packer of the Packer Auto Company, San Fernando valley distributors, with headquarters at Colorado and Brand boulevard.

Mr. Fox is one of the old timers who recalls the days of road agents, driving in the blizzards and other events written in frontier fiction.

State Highway Board to Continue in Tests

The California Highway commission, jointly with the U. S. Bureau of Public Roads, also with the cooperation of the Columbia Steel company, in the use of its property, is to continue to completion the Pittsburg highway tests started last spring by the company to investigate the strength of different types of concrete highways, with particular reference to the effect of reinforcing steel. At the conclusion of the tests already instituted, the Commission and the Federal Bureau expect to start an entirely new series of tests on the same ground, which has been offered for the purpose by the steel company.

The fact that expenditures for highways in the United States last year, amounted to approximately \$600,000,000, an amount which places road building among the big industries of the country, justifies a considerable expenditure for experiment to determine just how they should be built to meet the needs of the ever-increasing traffic.

When riding over a finished road very few people think of the problems, many and varied, which its building gives rise to. For instance, the cost of oil, gas and repairs for motor vehicles can be varied by simply changing the location, the curves or the grades. The type of surface also must be considered in the economic operation of vehicles. Problems also arise in connection with the materials and methods of construction and maintenance of the surface. There is also the proper selection and design of the surface which includes consideration of the subgrade.

Problems of interest to a certain locality are usually investigated by the various state highway and educational institutions throughout the country, the bureau of public roads co-operating by way of furnishing part of the personnel and special instruments and equipment. At present there are in progress eight investigations of this character, ranging in size from small laboratory tests requiring one investigator and little equipment, to experimental roads like the Pittsburg highway, requiring a corps of research engineers and expensive equipment and apparatus. These activities show that the country has gone into the road building business in earnest and should give assurance that the great mileage of roads to be built will be the best and most economical that science can develop.

Filling the Radiator

The proper way to fill a radiator is to keep the engine running slowly. This plan will circulate the water through the entire system.

Saving In Gasoline Worth While, Claimed

With the present day grade of gasoline declared low, has come the demand for a specially made carburetor and this question has been answered by the "Econo-Mist," according to L. A. Hardie, treasurer of the Motor Economists, in an interview. He said:

"Present day gasoline is a distillate built up of different layers of fluid with different degrees of volatility. It possesses more heat units than oldtime gasoline, but is harder to gasify. This change in motor fuel has caused great trouble with the cars equipped with their original carburetor, after it has been used for a period of about two years.

"The new carburetor is being used by about 12,000 people in Los Angeles county at the present time, and the motorists that have installed these have duly been repaid in the saving of gasoline. The carburetor is being sold to car owners on such a basis that it costs less than nothing after the first few months of use," he concluded.

\$90,000,000 Road Aid

Under the federal highway act signed by President Harding on Nov. 9, \$90,000,000 becomes available as federal aid for road construction in the United States. Each federal aid dollar must be matched by a dollar from funds of the state treasuries.

Number of Cars in Use Proves Amazing

The enormous increase in the number of motor vehicles in the United States was recently presented to Congress in connection with federal aid appropriations. These figures show that the number of automobiles in this country in 1910 was 437,000. In 1916 this number had increased to 2,263,000. Within the next five years it had made a leap to 8,404,000, an increase in five years of considerably over 1,000,000 cars a year. At the end of 1921 the combined use of trucks and automobiles equaled not less than 9,750,000 motor vehicles.

Autos Now Classed As Mislead Articles

Automobiles are now sometimes classed as mislead articles, along with umbrellas, parcels, etc. This was brought about when Ernest J. Reugg of East Orange, N. J., walked away from his machine on the Weehauken ferry, en route to Jersey City, and forgot all about it. After placing his car on the boat with other vehicles, he entered the cabin to read a newspaper, and, when the shore was reached, he landed with foot passengers and took a taxicab to his office.

Old Lubricating Oil Now Being Reclaimed

Old lubricating oil which is usually thrown away is now being reclaimed by a large eastern automobile manufacturer, according to an official publication of the California Automobile Trade association.

Oil for the reclamation is placed in a large reservoir, from there it is piped into two 150-gallon tanks which stand on a platform just above a special centrifugal cream separator. In the overhead tanks the oil is heated by steam to a proper temperature, after which it is allowed to settle for a period of eight hours. The fluid is then run through the cream separator, the centrifugal action removes practically all foreign matter, stated the publication.

Light ends, water and other foreign substance, by means of this process, are practically eliminated from the lubricating oil with the result that the reclaimed oil is very high in quality. Lubricating experts stated that this reclaimed oil has enough lubricating value to use in new motors when they are being run on the test blocks.

To Polish Steel Parts

Steel parts of a car, which are unpainted, may be nicely polished with a paste made by mixing soap and fine emery powder. This will remove any rust that may have formed, and will leave the surface smooth and without a scratch.

Maintenance and repair costs of the Hupmobile are almost unbelievably low, and the car is particularly free from the need of constant and petty adjustments.

Its uninterrupted regularity makes the Hupmobile known above and beyond all else as a reliable car to buy.

Nash Leads the World in Motor Car Value

April is Greatest Nash Month

January, February and March started the breaking of records with a volume of sales that exceeded the same 1921 period by more than 51%.

Now comes April with the greatest single month's sales in all our history.

A reference to our records shows that it surpasses the best previous April by a clear 18% and completely overshadows even August, 1920, which till now held the honor of being our largest month.

The new Nash line includes twelve models: Four and six cylinders; open and closed; two, three, four, five and seven passenger capacity; a price range from \$1175 to \$2725, f. o. b. Glendale

Radiator 'Hootch'

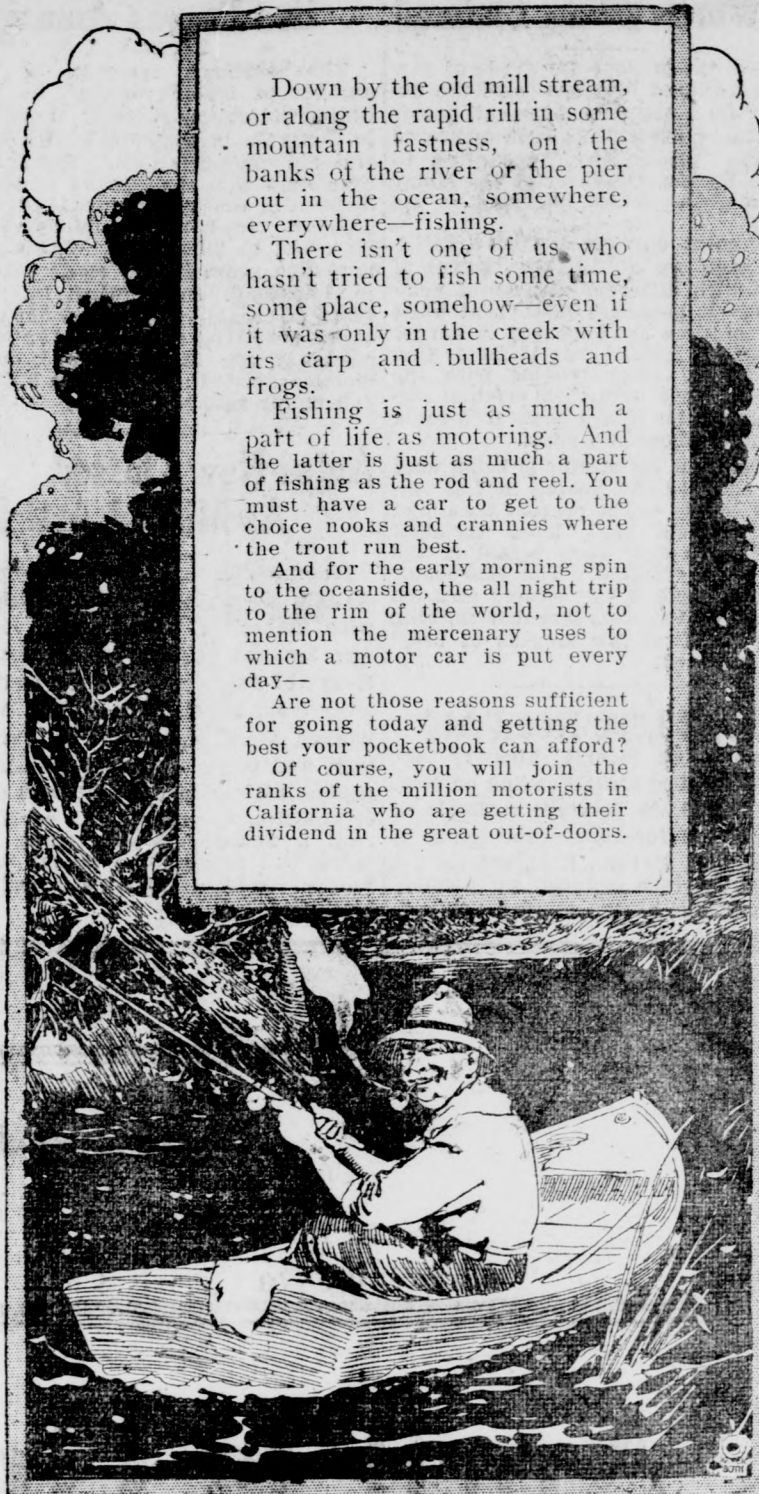

Because some people take denatured alcohol, which is used as an anti-freeze agent in radiators, and, unaware of its poisonous qualities, use it in preparing "hootch" for sale, Federal prohibition agents are trying to stop the purchase and use of this solution for automobile radiators.

American Truck Wins

The official Argentine army tests of motor trucks for velocity and economy under heavy loads and bad road conditions held recently were won by an American four-wheel drive truck. The three German trucks entered in the contest were unable to finish.

Autos in the Jungle

In spite of the lack of road and tremendous obstacles to transportation of gasoline, oil and tires, automobiles have finally succeeded in penetrating the heart of the African jungle. The machines are operated by government agencies along the Gold Coast.

Down by the old mill stream, or along the rapid rill in some mountain fastness, on the banks of the river or the pier out in the ocean, somewhere, everywhere—fishing.

There isn't one of us who hasn't tried to fish some time, some place, somehow—even if it was only in the creek with its carp and bullheads and frogs.

Fishing is just as much a part of life as motoring. And the latter is just as much a part of fishing as the rod and reel. You must have a car to get to the choice nooks and crannies where the trout run best.

And for the early morning spin to the ocean side, the all night trip to the rim of the world, not to mention the mercenary uses to which a motor car is put every day.

Are not those reasons sufficient for going today and getting the best your pocketbook can afford?

Of course, you will join the ranks of the million motorists in California who are getting their dividend in the great out-of-doors.

Plan to Close Rincon Causeway Is Denied

Published reports in the newspapers of southern California that the California highway commission intended to close the Rincon causeway during the summer for repairs are denied by the commission. The commission at no time either discussed or considered such action and the first news of the proposal that came to the commission came to it through press reports.

T. D. Fordyce Asserts Conditions Look Good

"Conditions look very good," asserted T. D. Fordyce of Los Angeles, district representative of the Willard Storage Battery company, who paid an official visit yesterday to 300 South Brand boulevard, the E. W. Cizek Auto Electric company.

"The Willard company looks for 1922 to be the biggest year that we have ever had and everything points that way. Unless something unforeseen happens, we firmly believe that we will experience the best year since the company was established.

"The engineers of 193 automobile manufacturers specify Willard threaded rubber batteries as standard equipment.

"The Willard company has four laboratories: Its chemical laboratory, its production laboratory, its experimental laboratory and its meter laboratory. Probably the most sensitive instruments that are manufactured are used to show up the instruments that are used by the production department. Scales there will weigh objects that are not visible to the naked eye. The majority of scales have to be used with a microscope.

"All materials that go into the manufacture of Willard batteries are subjected to the most intense inspection. The finished batteries are also inspected thoroughly in order to maintain the high Willard standards."

WIRING SYSTEM

Make regular inspection of the wiring for loose connections and see that the insulation is not worn at any place. If worn, be sure to tape the worn part, or still, better, replace with new wire.

Report Is Submitted On Highway Building

By the end of the present fiscal year California will have completed around 3007 miles of its state highway program, or about half the mileage incorporated in the state system by the various bond and legislative acts pertaining to highways. In addition to this 3007 miles are 946 miles of special appropriation roads which are not included in the list of completed highways. Some of these 946 miles are equal to the state highway standard for finished roads, but the majority will need radical reconstruction. The total mileage in the state system for both building and maintenance is over 6300 miles or close to 10 per cent of all dedicated public roads in the state, exclusive of incorporated cities.

Of the 3007 miles built by the California Highway commission, 1765 miles are concrete base roads, with or without asphaltic surfacing, 205 miles are paved roads of other types and 937 miles are graded roads.

Since January 1 of this year, the commission has contracted for 103 miles of new construction; 46 miles of gravel surfacing and 30 miles of asphalt surfacing. Its program for the year calls for \$15,000,000 in new highway construction.

During 1921 average costs for the different types of roads were roughly as follows:

Graded roads, \$12,000 per mile.
Bituminized macadam, \$21,000 per mile.
Concrete Base, \$30,000 per mile.
Bituminous Pavement, \$24,000 per mile.

The total expenditures of the department to April 1, 1922, exclusive of Motor Vehicle funds, which are used almost exclusively for maintenance, amounts to \$52,646,984, and the estimated unobligated balance available from all sources, exclusive of Motor Vehicle funds, is \$23,790,000. At the present rate of construction these funds will be largely obligated during 1922 and 1923.

Ninety Bus Lines

Ninety bus lines in Maryland have an average of three vehicles per line carrying an average of sixteen passengers per vehicle that operate over an average distance of nineteen miles per one-way trip.

Beware of Orphan Batteries; They Can Not Produce Service

Every commodity in the automobile world has, at some period, had to combat the competition of nameless products which are made to sell and not for service. How many people are there that can remember so well the thousands of tire preparations, puncture proof tires and other stunts which afflicted the tire field?

So, too, the battery field has entered an era of false claims, lurid promises and guarantees that can never be fulfilled. There can be no safety for the purchaser of a battery where that battery is nameless and shunts only extravagant claims.

The four or five nationally advertised batteries which stand at the head of the list are protected by their manufacturers from their very claims. They are built upon a responsibility and no responsible manufacturer will allow his product to assume unreliable representation.

Your battery is built upon definite and unchangeable laws of chemistry. To purchase a battery which lays claims to arbitrarily overcome these laws, which claim performance of the impossible—is to lend credit to actual fraud.

Beware of the nameless—the extravagant claimed—battery of unknown and of untried birth. But fasten your faith always in the battery which has behind it a great responsibility—both moral and financial.

Ray Galvin Carried Safely In His Buick

Ray Galvin, the rotund salesman with Tanner & Hall, Ltd., Buick dealers, has at last learned the road to Santa Barbara. With his family and his brother, J. B. Galvin, and the latter's wife, from Philadelphia, he motored to the northern city in his new special seven passenger Buick the first of the week.

Although Mr. Galvin has resided in southern California a decade, he had never seen the Mission city.

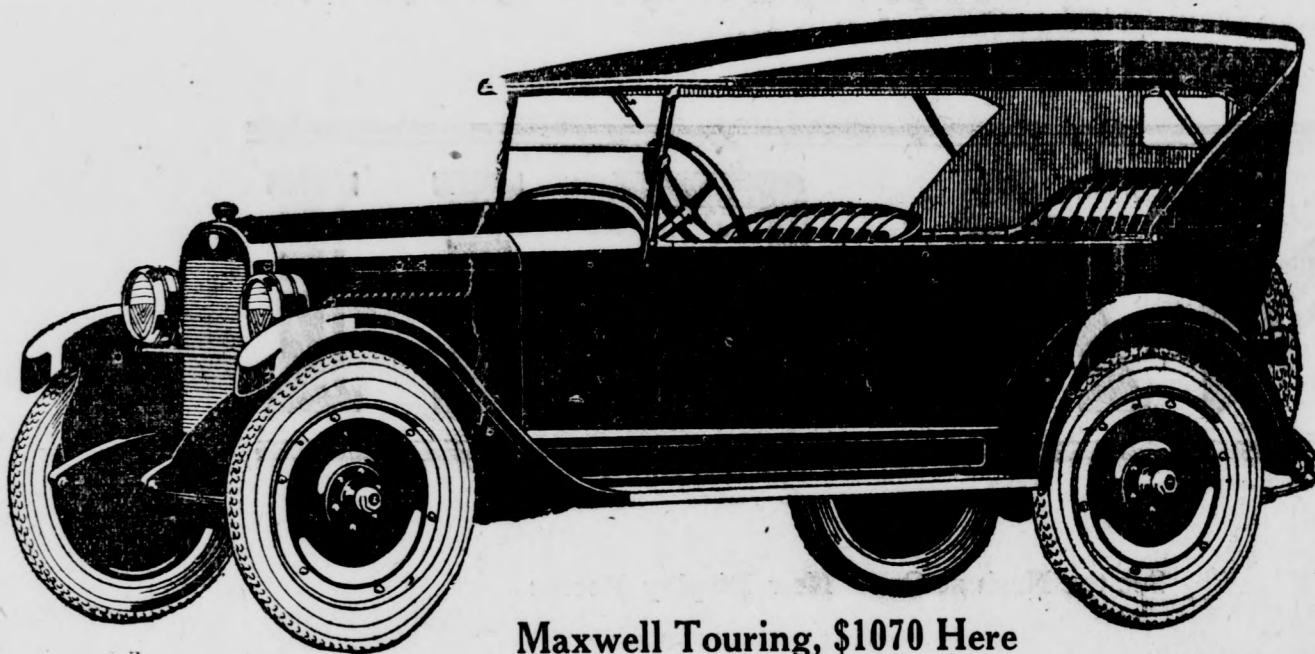

"Mt. Lowe is another place I have to go," he said, "but I am afraid I won't make it in the Buick. And the call of the open road is too great to take the time this summer."

Striking Sport Costumes That Will Please

Here are two striking sport costumes. The one at the left is of white crepe faille and the jacket of scarab green, the contrasts giving a stunning effect. The one at the right is of knit goods.

SEARCH ON INSIDE WHEN YOUR TIRE STRIKES ROCK

'Stone Bruise' Breaks Beneath First, Experience Learned by Various Experts

A "stone bruise" is the term used to describe an injury to a tire caused by striking some object with sufficient force to break the fabric. It need not be a stone that causes the damage. The break in the fabric may be in only one ply or it may be in all of them, but in any case, it is always the inside ply that breaks first. This rule applies to the cord tires as well as the fabric.

An inexperienced driver whose tire gets a heavy blow from a stone or curb usually looks over the outside of the casing to see if any damage has been done. But the old and experienced driver looks on the inside knowing that if any damage has been done, it will break on the inside first.

Normally the inside ply is shorter than the outer one and when the impact comes and the tire is suddenly forced, this case actually reverses. The inside ply which lies in the curvature of the tire is naturally the first to spread apart or break in two. If the sudden impact is not great enough, the inner ply of fabric is usually left weak instead of marring altogether and the driver continues on this casing until he is let down on the road, or it is possible that the car will be at a standstill when the end comes to the tire.

This condition of the tire is often brought on by crossing over the switch of a trolley track, the sudden force which the tire receives when it strikes the "dog" that a stone bruise is the result.

Bartlett & French at 248 S. Brand Blvd.

Monday will be moving day again for Bartlett & French, local representatives of the Hupmobile.

Two forty-eight South Brand boulevard will be their temporary address for the next three weeks. Meanwhile, a new show room is being fitted up for them at 106 East Colorado street in the premises formerly occupied by the Club garage. This is now being remodeled and plate-glass windows are being installed.

"This will be one of the completest and neatest show rooms in the city," remarked J. H. French, yesterday. "We were quite a little while deciding on the location. We considered quite a number, but felt that Colorado street and Brand boulevard is the center of the automobile district."

"Hup" owners will continue to make Smith's garage at 106 West Harvard street their service headquarters.

Since moving from 201 South Brand boulevard, Bartlett & French have been located at 603 South Brand boulevard in the new garage of Psenner & Doll.

Royal Can Opener

G. M. Tremaine of Fredonia, N. Y., holds the office of the Royal Chief Can Opener of Tin Can Tourists of the World, the membership of which is made up of several thousand automobile tourists throughout the country. Only motor tourists are eligible for membership to the order.

STRINGING COTTER PINS

Cotter pins of assorted sizes can be conveniently kept by stringing them through the eyes onto a little string or wire. In this way, when the whole lot is picked up it is easy to select the size needed.

Hey! Wouldn't You Like to Drive Car In Shanghai Street?

Where traffic runs along the left side of the street, which is opposite to the American custom, and where one may drive as fast as desired, that briefly describes some of the motoring laws in Shanghai, China. Contrary to the supposition that motorists would be required to drive slow on account of so many Chinamen being on the streets, they may drive as fast as they wish and it is up to the pedestrians to keep out of the way. Nevertheless, if a motorist happens to strike a foreigner or high-class Chinaman the law takes its full course and for such an offense usually finds himself in jail.

Few accessories are used on cars in the Orient, but then the cars are, for the most part, not worth doling up. As long as they run on four wheels nothing is done to them. When repairing is necessary only that which is absolutely necessary is done. Roads in China are narrow and constructed mostly of cobble stones. Tires and cars do not last very long.

The traffic officers are Sike policemen, who stand at the main corners in a sort of dejected manner and wave their hands spasmodically, first in one direction and then in the other.

An automobile can be hired all day for \$5 gold, but a ricksha can be hired for 50 cents a day and will carry from ten to twelve miles an hour. Gasoline sells for a dollar a gallon in Chinese money, or about 50 cents in gold.

One of the difficulties with automobiles in China is that in case a breakdown occurs outside of the cities there are not many garages in that country. Practically the only place where cars are used is in a short radius of the larger towns. Most of the well paid foreigners own automobiles. There are a few really good machines, driven by chauffeurs.

April Largest Month In Nash Car Sales

Nash Motors in April had the biggest month in the history of its business. Eighteen per cent more cars were shipped last month than were shipped in April, 1921. Even the previous record month, August, 1920, was entirely eclipsed in point of shipments during the thirty days just past, according to word received from the factory by E. B. Sutton, local dealer, at 112 South Maryland avenue.

"The fact that all previous records in the history of our business were broken in April, in my opinion, is due to the soundness of the product and the value it represents at the price," said C. V. Voorhis, director of sales of the Nash company. "Every effort consistent with careful production is being made to meet as nearly as possible the demand for Nash cars in May. Frankly, though, we will not be able to supply the full demand for we have faced an oversold condition, now, for the past two months."

"When we brought out our new line of cars the first of the year there was no doubt in our mind as to the reception they would meet. That was apparent at the very outset. All previous records were broken at the New York and Chicago shows as well as at most of the shows subsequently held in various cities throughout the country. With the opening of the spring season the pressure of orders became stronger until finally, some weeks ago, we reached the point where we were oversold."

"The first quarter of 1922 shows an increase of nearly fifty-two per cent over the similar period a year ago. This demand for Nash cars seems a certain indication that the public has placed its unqualified indorsement on the product of the Nash motors company."

A reflected vision, of the home she'd love to own

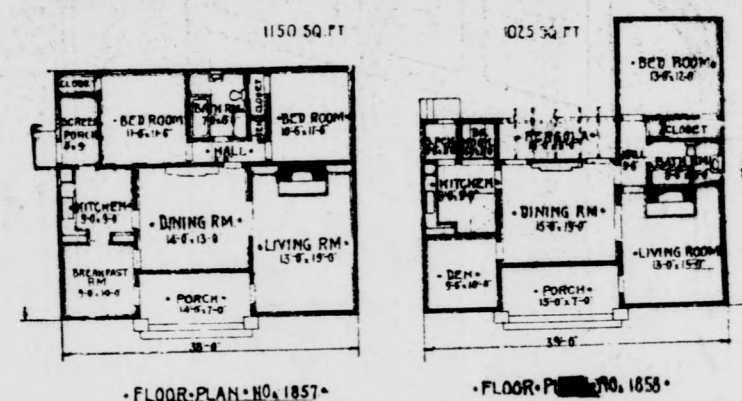

If the wishes and desires of every good woman could be fulfilled they would lead directly from the altar of matrimony to a home of their own and if this ideal start on the road to perpetual happiness were to become a universal practice the hinges on the doors of divorce courts would rust for the lack of usage.

In this illustration the mirror conveys her secret, a longing that comes to every woman who tries to content herself cooped up in dismal noisy rooms of an apartment, or whose desires for convenience, beautifying and making ideal homes are lost in a rented house. Contentment, convenience and love for home life represent the essentials for the making of perpetual happiness.

To own homes of our own, distinctive, attractive, convenient homes, in a congenial neighborhood, with ground for lawn, shrubbery and flowers, is a privilege, one that should be undertaken and made a reality before any other earthly possession is considered. For the home represents all that is good, true and beautiful, awarding its owner that feeling of contentment, success and protection and makes and assures the keeping of family ties closely united into an everlasting peace and happiness.

Home Ownership creates feelings of independence not only of circumstances but of character and thought. It gives to the children invaluable benefits of real home influence and it gives to you, Mr. Man, the stamp of stability, thrift, confidence and success. Owning a home of your own helps you in business, no matter what your work or position may be. To be known as a home owner is the best recommendation possible for you, and no man has reached his full stature as a man, father and citizen until he can boast of home ownership.

Ask the wife which one of the attractive homes she has seen featured that she likes best and see if arrangements cannot be perfected whereby her visions of an ideal home and perpetual happiness cannot be made a reality.

PLANS NO. 1857-1858

—An English Bungalow Home in stucco that is proving to be one of the most popular of the late modern home ideas, and is an architectural creation that is growing in favor daily.
—Because of the varied arrangements shown in the alternate floor plans, it will be easy for you to adopt one of them to meet your needs and individual requirements. Compactness of arrangement, with all modern time and labor saving conveniences included give those who build from these plans the greatest value for investment.
—Any additional information you are desirous of obtaining will be given by addressing the HOME BUILDING EDITOR.

Church Services

(Continued from Page 3)
lowed Me (B. D. Ackley); quartet, Mother, My Dear (Treherne); postlude in D (Tours). Evening: Nocturne (Russell K. Miller); anthem, Hear O My People (Stevenson); brass quartet, The Return of Spring (Round); C. K. Aston, P. O. Lucas, J. F. Johannsen, F. Prouty; postlude in C (Carl Wood). This is a friendly church and "seems like home." A special welcome to strangers and all those wishing with us to honor Mother.

CENTRAL AVENUE METHODIST
The 100 per cent family church. South Central and Palmer. V. Hunter Brink, D. D., pastor, residence 1124 S. Central avenue. Mrs. Harry McMullin, musical directress. Mother Day program: 9:30 a. m., Sunday school classes for all. James Lee Brown, superintendent. Special music, 11 a. m., piano prelude, "Guardian Angel" (Gounod); offertory, (Leybach); anthem, "Mother is Never Too Weary" (Holton). Mrs. Frahm, Mr. Tuttle and choir. Soprano solo, "Mother of Mine" (Tours). Mrs. Harry McMullin. Sermon by pastor, "Mothers." Postlude, by pastor, (Camp). 6:30 p. m., Epworth League. 7:30 o'clock, evening worship. Piano prelude, "Evening Song" (Armstrong); offertory, "Reverie" (Callender); anthem, "Mother Faith" (Wilson). Miss Emily Kopp, Mrs. Frahm and choir. Soprano solo, Mrs. McMullin, selected; sermon by pastor, "The Story of Lot." Postlude, "Vexilla Agis" (Whiting).

CASA VERDUGO METHODIST
Corner of Park and North Central avenues. Rev. J. C. Livingston, pastor. Pastor's residence, 1203 North Central avenue. Services Sunday, May 14, as follows: Public worship at 11 a. m. Pastor's sermon subject, "Doing What We Can." Anthem by the choir, "Beautiful Isle of Somewhere" (Pearls). The offertory solo will be sung by Mrs. Blaikie, title, "Come Unto Me" (Conn). The appropriate thought of Mothers' day will be observed at the evening service, 7:30. Subject, "The Queen Beside the King." Sunday school at 9:45 a. m. Epworth League at 6:30 p. m. Miss Lulo Drake, leader. Miss Soper will also continue her address in review of Fosdick's "Master Man." At the services of the day the pastor will give a preview of the program of our proposed extension week, to be observed Sunday, May 28, and during the week previous. We ought to all hear this in order to be properly informed and thus enter into the campaign with that enthusiasm that will undoubtedly assure success.

PACIFIC AVENUE METHODIST
Community church, West Harvard and Pacific. Harley G. Preston, pastor. Sunday school, 9:30 o'clock a. m. Graded lessons. John Campbell, superintendent. Morning worship, 11 o'clock. Subject, "Our Mothers." This is mothers' day and all mothers are especially invited. Reception of members. Account of illness and uncertainty of weather the outing as suggested last Sunday will be held a week from tomorrow (May 21st), to which all are invited who come to church in the morning. Tea and refreshments in charge of Irene and Alda Gervais and Helen Gould. Mrs. Walter Flower will sing. All welcome. Epworth League devotional meeting, 6:30. Leader, Raymond Cleland. Subject, "Epworth League Anniversary." Evening worship, 7:30 o'clock. Subject, "Doubting Thomas." Our choir under leadership of George H. Moore will provide special music morning and evening. You will receive a warm welcome at any and all services at this church.

'Cappy Ricks' Coming On Chautauqua Circuit

Edward E. Rose, without any doubt the most able man in the world of the stage when it comes to dramatizing stories, was selected to dramatize the "Cappy Ricks" stories that appeared in the Saturday Evening Post and were read by millions. Out of the many stories that Peter B. Kyne wrote of "Cappy Ricks" Rose selected the ones that would most help to preserve the wholesome atmosphere and quaint character types. And well did he do his work, so well, in fact, that when the play was first produced at the Morisco theatre in New York it was followed by a year's runs.

"Cappy" Ricks is coming to Chautauqua and the Percival Vivian Players will give a presentation on par with the original. The Chautauqua will appear in Glendale May 25 to 31, inclusive, and the Glendale committee is making plans to receive a record-breaking crowd, it is declared.

FIRST BAPTIST CHURCH
Ernest E. Ford, pastor. "Mothers' Day" will be celebrated in all departments of the church. In the Sunday school at 9:30 there will be special songs and recitations, and every one will wear a carnation in honor of Mother. At the eleven o'clock service the pastor will speak from the text, "Behold King Solomon with his crown wherewith his Mother crowned him." This will be a message to the boys who have been urged to attend Sunday school and

Postmaster Thanks Evening News for Valuable Assistance

The Evening News—Postal Improvement Week went over with flying colors in Glendale, resulting in the establishment of a feeling that has never previously existed between the employees of the postoffice and the patrons of same.

I wish at this time, on behalf of all employees of this office, to extend to you the hearty thanks of all for your wonderful publicity and support for the co-operation and gratis advertising that have been the means of bringing the postoffice demonstration to the attention of the public.

Without your valuable assistance, the week would have been a failure.

Sincerely yours,
D. RIPLEY JACKSON,
Postmaster.

SOUNDS WARNING OF WAR

GENOA, May 13.—The perils of a new European war was sounded today by Premier Lloyd George of England "if the door is closed to Russia." This warning came after official announcement had been made that France would not accept the proposal for a European truce based upon the Russian note of Thursday night.

church by the Rotarians; as well as in honor of the Mothers, living and dead. The young people, both senior and intermediate, will entertain their Mothers at the 6:30 service. At the 7:30 evening service there will be special musical numbers by the choir, and the theme of the evening sermon will be, "Learning to Walk." The musical numbers in the morning will be, anthem by the choir, "Mother is Never Too Weary" by Fred B. Holton. Offertory solo, "My Mother" (D. B. Ashley). Mrs. Paul Elliott. As a special number the choir will sing "Jesus Lover of My Soul." At the evening service, the anthem, "O Thou, whose tender Mercy" (Harry Hale Pike), and "Faith of Our Mothers." Mrs. Park Arnold will sing the offertory solo. The usual mid-week meeting for praise and prayer on Wednesday evening at 7:30.

PRESBYTERIAN CHURCH

"Church of the Lighted Cross." Rev. W. E. Edmonds, pastor. Rev. Louis Tinning, assistant pastor. Broadway at Cedar. The services of Sunday will be given up to the closing sessions of the Victrola Life conference. In the morning service at 11 o'clock, Rev. R. C. McQuilkin will preach. At 3 p. m., Dr. Ramsey and Mr. McQuilkin will preach. The closing service will be at 7:30 p. m. when brief addresses will be given by both conference speakers. There will be a "Say So" or testimony hour at both afternoon and evening services. The general theme for the day will be "The Second Coming." Bible school 9:30 a. m. with H. L. Finlay as superintendent. Men's Bible class meets in the city hall at the same hour, teacher, Keith L. Brooks. All men are welcome. The following musical program has been arranged under the direction of Mrs. Fannie Marple Retts, with Miss Carolyn G. Bailey presiding at the organ: Morning: Prelude, "Elevation" (Guilmant); anthem, "Break Forth Into Joy" (Simper). Mrs. Frank Arnold, soprano; Mrs. Fannie Marple Retts, contralto; J. Malcolmson Huddy, tenor; C. Clifford Riggs, baritone; offertory, tenor and baritone duet, "Hark, Hark My Soul" (Nevin). J. Malcolmson Huddy and C. Clifford Riggs; postlude, "Triumphal March" (Flager). Afternoon: Prelude, "Romance" (Zitterbart); quartet, "The Lord Is in His Holy Temple" (Kirkpatrick); Mrs. Fannie Marple Retts; postlude, "Andante Maestoso" (Gluck). Evening: Organ Numbers (a) "Slavonic Cradle Song" (Nerga); (b) "Pilgrims' Chorus" (Wagner); (c) "At Parting of Day" (Pry-singer); quartet, "From Every Stormy Wind That Blows" (Hine); offertory, "Elevation" (Dubois); respel solo, "It's Real" (Cox). Mrs. Fannie Marple Retts; postlude, "March" (Mendelssohn).

COMMENT THAT'S ALL

Modernity in Merchandising
The Buying Season Is On
Citadel of Youth Won
Who Is Tallest Boy?

By Gil A. Cowan

GLENDALE today will welcome a new mercantile establishment to the fold of its rapidly developing business section. It is a great department store that must be seen and admired and patronized.

But in its bigness, it is but an incident to the future developments. Other stores are coming, other businesses are developing on a similar scale and Glendale soon will take its rank as one of the best and most favorable shopping centers on the Pacific coast.

Pendroy's—to be personal—is a long step ahead. It is a store backed by men with vision—and money. It inspires confidence, commands attention and will do much to stay trade now trespassing to Los Angeles.

Again, let it be stated that this is only a "big-inning" for the day is coming when financial blocks will present a solid front from the Los Angeles river to the Verdugo mountains along Brand boulevard. And that will not be half of it, for Broadway, Colorado boulevard, Harvard street, Maryland, Glendale, Wilson and Central avenues and the great San Fernando road, as well as the Los Feliz road, all will have their mercantile establishments in great array.

While it seems like an idle dream, every day you can hear whispered on the streets by the most skeptical: "Glendale is going to step away from them all!"

Some people are privileged not to believe that. Long Beach boosters would label such assertions as "bunk." Pasadenaans have their fears that it is going to be true. Yet the self-same spirit that "Glendale leads" is going to put it in first rank. It is only a matter of evolution when more than half of Los Angeles county's population will be centered about the green Verdugo hills.

Both Los Angeles and Glendale May building permits are keeping pace proportionately with April. It is interesting to note in the Southwest Builder and Contractor that all previous records were broken by construction started in April, 1922, in twenty-seven northeastern states.

This definitely spells prosperity for the United States. Incidentally exports and imports at Los Angeles harbor this spring are just double what they were a year ago. This shows the western hemisphere in particular and the world in general is in the American market. That, too, means more prosperous economic conditions at home.

The buying season is on. The "bulls" control the market. The greatest profits are taken on the upturn. Will you be one to make money today on your investments, or wait until tomorrow and wish you had?

The citadel of American youth is being stormed this week-end by the Glendale Rotary club and so far it has resulted in a big victory.

Had you been fortunate enough, as the Rotarians were, to have seen those thousands and more faces of boys in the Glendale theatre yesterday afternoon enjoying wholesome, happy entertainment, there is no question but what you would bank your last dime on their futures.

Their thousand wheels were parked around the theatre like a barbed wire entanglement; their spirit was evident in every action and laugh. They lustily applauded Jugling Mathieu's every move; they displayed the keenest interest in the adventures of Bill and Bob Bradbury whose exploits were pictured in film; and after the hilarious Harold Lloyd comedy they sang "America" under the leadership of F. J. W. Henry in a way that would instill patriotism in the most bolshevik bosom.

Glendale boys are no faint creatures—far from that. They are red blooded, husky young animals that are going to make their mark in the days of a great tomorrow when the United States will accept and maintain the leadership of the world.

Today they are demonstrating their physical prowess and tomorrow they are going to show their appreciation of this program prepared for them by attentively attending church where the spiritual side of life will be more profoundly implanted in their young minds.

One thing is noticeable any day in the week on Glendale streets. That is the race of young giants being brought up on California climate.

So many six footers are seen that it is nothing uncommon. But there are some lads so straight and upstanding that one wonders which youth holds the record.

So here is a real prize offer. Every boy over six feet tall who has not passed his eighteenth birthday is asked to send in his name, address, birthday, height and weight to the City Editor, Glendale Evening News during the coming week.

A bathing suit will be awarded the tallest boy.

And if that is successful maybe we can induce the Society Editor to offer a prize for the girls. They have just as big a part to play in the world today as their brothers, you bet.

However, none of them seek to be giants and the contest will have to be along somewhat different lines.

PROMINENT MEN INDICTED

PITTSBURG, May 13. — C. L. Glass, one of the most prominent stock brokers in Pittsburgh, and W. O. Craig, president of the Louisiana Mutual Oil corporation of Shreveport, La., were indicted by the federal grand jury on charges of using the mails to defraud, and conspiracy, in a return filed in federal court. Preparations were made for the issuance of bench warrants for the arrest of Glass and Craig.

How Far Is It From Your Home?

Is your office and your home at "opposite ends of creation"? Couldn't you use your "going and coming" time to better advantage? "If I could have the quiet environment of my country home, and still be within 15 minutes of Broadway, I'd be interested—" you say.

Then you should buy a hilltop homesite in the Hills of Ivanhoe. To Broadway

From Ivanhoe Hills It's Only 3 Miles

As a Place to Live

where quietude, convenience and scenic beauty combine, even mountain resorts do not excel, these green hills encircling Silver Lake, Los Angeles' largest body of water. We pay for all improvements. Water is already in. You can start building immediately. Gas and electricity can be had on request. The Sierra Madres, from these hills, are sights of surpassing grandeur.

Lots, \$1,000 and up

As An Investment

If you want to make money in real estate, buy ahead of highway developments. A program calling for vast expenditures in building and paving highways through Ivanhoe Hills has been perfected. Work will be started by the City of Los Angeles soon. These highways converge and cross the unit now selling. They include Griffith Park Blvd. (Childs Ave.), Hyperion Ave., and Rowena Ave. One will be a link of the Lincoln Highway, another part of a short cut from Pasadena to the ocean.

GLENDALE PROPERTY

BEST BUY IN GLENDALE

Seven Reasons Why You Should
See It

(1) It's modern; large living

room, tile mantel, French
windows, two light, attractive
bedrooms, beautiful bath with
built-in tub, dainty kitchen,
woodstone sink, laundry tray,
ironing board, large breakfast
nook, hardwood floors thruout.

(2) It's on a full size, south
front lot, with several
splendid bearing fruit trees;
lawn is in; there is a large,
beautiful palm in front.

(3) It's on a splendid shady
street, where values are
increasing daily.

(4) It's only five minutes'
walk from Brand boulevard
and Broadway.

(5) It was built to sell for
much more; owner needs
money; has let us put a price
on it that will sell it.

(6) It can be bought now for
\$4750; about \$1250 cash,
balance less than rent.

(7) It can be bought only
through this office and
someone will beat you to it if
you don't decide quickly.

DEPARTMENT HEADS AT PENDROY STORE WELL TRAINED

Experienced In Work and Will Prove Valuable Aid to the Purchasing Public

Everything is ready for the Pendroy Department store tonight when the people of this vicinity will be formally received from 7 to 11. The elevators are operating, the intercommunicating phones in use, the compressed air change tubes working, the windows dressed, the shelves full—all ready for the word "go," all ready for the big surprise sale starting Monday.

Telegrams expressing high hopes for success are being received today by E. C. Pendroy from his former business associates in Kansas, Chicago and New York. He is the president and general manager of the concern which has the buying power of a half dozen eastern establishments.

Department Heads
J. E. Ransford, the vice-president, was formerly with Marshall Field, Chicago, and has large property interests in Hollywood.

Mrs. E. C. Pendroy is in charge of the entire second floor—everything there for women to wear.

John Sweargin is the general merchandise manager and has been associated with other Pendroy enterprises.

E. J. Hyink is assistant general merchandise manager while Thaddeus Knudson is assistant to the merchandise manager.

D. H. Couse is the silk buyer; Mrs. Ruth G. Van Court has charge of the laces, embroideries and trimmings; Miss Lillian Young has the drug sundries, jewelry and novelty department; Mrs. Neva J. Henderson handles the gloves, hosiery and leather goods; W. L. Butts is the shoe department manager; Mrs. W. L. Farris has the art needlework, lamps and fancy goods departments; Mrs. J. Schley, a graduate of Columbia university in their home-furnishing course, features the draperies and floor coverings; Mrs. Ethel E. Shaffer is the corsetiere; Miss Mildred Huebner, millinery; and Mrs. Gladys Gary, infants' wear.

Visit Store Tonight
In the office and not coming in contact with the public so generally will be Dale Ludwig, advertising man and window trimmer; Miss Dora Crowell, in charge of the office, and C. W. Love in charge of deliveries.

Mrs. A. W. Westlake, a sister of the general manager of the Marshall Field company, Chicago, will have charge of the personal service department, doing shopping for out-of-town buyers, etc.

Of course, you want to learn more about this big store so visit it tonight. There will be nothing for sale—just get acquainted and after the affair is over the department managers, clerks and others are going to adjourn to the Glen Inn for a midnight supper.

Father J. S. O'Neill Gives Public Warning
"The Tidings" of Los Angeles and "The Catholic Monthly" are the only two accredited denominational magazines, according to Rev. Father James S. O'Neill.

"There is hardly a single large city in the country that doesn't have its own Catholic magazine," he remarked. "Most of them seem to think that California is a land of gold and come out here to get some of it. We have been overrun with solicitors. In many cases they pretend to have the backing of the local church."

Authorized solicitors are provided with credentials either by Rev. O. Neill or Bishop John Cantwell.

FRENCH NOT TO WITHDRAW
PARIS, May 15.—Premier Poincare today instructed the French delegation at Genoa conference not to withdraw but to abstain from all further negotiations over the Russian problem.

EVENING NEWS WANT ADS BRING RESULTS

'FIND THE WOMAN' 'BEAUTY'S WORTH' AND 'PAY DAY'

That's Line-up of T. D. & L.: Fine Film Features Within Few Days Following

The picture with the impenetrable guess—"Find the Woman," shown at the T. D. & L. theatre for the last times tonight.

A dramatic wallop to keep you guessing until the last fade-out and then send you away thrilled and enthusiastic.

Just the sort of mystery picture you've always wanted, with Alma Rubens, leading woman of "Humoresque."

Also a special comedy—a laugh riot, scenic travelogue of Switzerland and Tony Sarg's Almanac. It's a great show.

Look What's Coming What is it that makes a man admire a girl? Is it her clothes or is it her personality? How should a girl go about winning the man of her choice?

These very vital questions find an interesting and delightful answer in "Beauty's Worth," starring Marion Davies, a photoplay created by Cosmopolitan Productions, which is coming to the T. D. & L. theatre Sunday.

It is not only a charming study of a girl's nature but it is also a searching analysis of the foibles of men.

There will also be a Harold Lloyd comedy, "The Goat," and the two-reel special, "The Battle of Jutland."

As a reminder Ralph Allan says, "Get ready to cash in on a million dollars of laughs—the comedy king of kings, Charlie Chaplin, will be at the T. D. & L. theatre Tuesday in his latest star picture, "Pay Day." Don't forget—you'll have to come early.

LABOR DEMANDING ACTION SAN FRANCISCO, May 13.—In addition to urging upon Governor W. D. Stephens the desirability of pardoning Thomas Mooney and Warren K. Billings, serving life sentences for alleged complicity in the 1916 bombings here, the San Francisco labor council in resolutions made public today, called upon the State Federation of Labor to bring the pardon plea before every organized labor body in the state for similar action.

MELODY AND MIRTH BREAK GROUND FOR CONGREGATIONAL CHURCH HOME

Vaudeville Vies With Speedy Melodramatic Production, "The Single Track"

Hyland, Grant and Hyland, vaudeville's versatile trio, headline the bill at the Glendale theatre today while Henry King, the Dublin minstrel, will tell Irish stories and sing songs full of blarney.

Fields and Brown have something new in the way of dance steps combined with music while Smith and Smith are to be seen in novel oddities, just what and why is not revealed in advance notices.

For a single star George La Shay is bound to please as he plays the marimbaphone and it is only a matter of melody for this wizard. And then there is the feature picture that will get you going to the Glendale early.

"The Single Track" is a story of love, adventure and the regaining of a lost fortune. It is somewhat different in type from the usual Corinne Griffith production in that but a small portion of the story deals with society life. It is truly a big picture with many expensive and spectacular scenes. The society tableaux in which Corinne Griffith does "The Dance of the Seven Veils" as Salome, and the climax where the brave girl runs a locomotive to save the franchise are widely contrasted but equally spectacular.

"Perjury" Starts Sunday "Perjury," a William Fox special production presenting William Farnum in a role which is said to make supreme demands upon his dramatic genius, will begin a run at the Glendale theatre Sunday. The production enjoyed a special run in a Broadway New York theatre, where it created a sensation. Metropolitan reviewers declared it one of the most intense human interest dramas ever seen on the screen.

The Sunday evening concert will be featured by Belmont and Denton on violin and cello and Paul Carson at the console. News, topics and chats complete the bill.

DEMANDS SENATE INQUIRY WASHINGTON, May 13.—A senatorial investigation of increases in the prices of crude oil and gasoline during the past three years was asked today in a resolution introduced by Senator McKellar, Democrat of Tennessee. No action was taken on the resolution.

Plenty of Enthusiasm Shown by Large Number Present; Pledges Received

(Continued from Page 1) have battles to fight and obstacles to overcome, we feel that we are going to succeed. We feel that there is no doubt about the outcome.

Giving Is What Counts "I am not a preacher but I want to say that it is not what we get out of life, but what we give that really counts. We have before us a real opportunity for service. It would be a splendid thing for each of us to take full advantage of it."

A speech of appreciation for the efforts of the building committee was made by O. E. Von Oven, superintendent of the Sunday school. He spoke in behalf of the congregation. Rev. C. M. Calderwood, who presided, also complimented this committee upon its work.

Among those who participated in the ground breaking ceremonies were the following: Benjamin Robinson, 407 North Louise street, representing the deacons; Mrs. George F. Colson, 405 East Harvard street, representing the charter members of the church; Albert E. Angier, 500 North Kenwood street, representing the board of trustees and Mrs. C. M. Van Dyke, 406 West Lexington Drive, representing the women's missionary organizations.

Mission Architecture The new \$80,000 church will follow the lines of Mission architecture with tower which will extend ninety-five feet above the ground and serve as a campanile for the accommodation of chimes which may be purchased later.

A small sunken garden at the corner of the property is expected to add beauty to the site and admit plenty of fresh air to the basement.

"The building will be very churchy," remarked Rev. C. M. Calderwood. "It will not be a theatrical type of structure. It will follow ecclesiastical architecture."

The main auditorium will seat about 700. There will be a balcony. Pews will be of oak.

The Sunday school department will consist of twenty class rooms of various sizes to be equipped for the needs of different ages.

The banquet room will accommodate about 350. Adjoining it will be a fully equipped kitchen.

Other special rooms will be a chapel with seats for 200 and a large room for the use of the women of the church.

No Important Changes The original plans as outlined a number of months ago are being followed very closely, according to Rev. Calderwood. He announced that no important changes had been made.

Contract for the new building has been let to the Nance Construction Company of Los Angeles. Local Congregationalists say they regret very much that the contract was not given to a Glendale bidder but call attention to the fact that the lowest responsible bid was accepted.

Excavation on the site is to be commenced in a few days and actual construction is to be underway in about two weeks. The church is to be ready for occupancy by the first of next year.

The present church was purchased by Contractor E. D. Yard of 646 North Jackson street Thursday afternoon for \$575 in an open auction. He will have it removed at once, but has not yet decided just to what use he will put the building.

Besides Mr. Yard other members of the building committee are Blake Franklin, 398 West Wilson street; Charles L. Peckman, 615 North Central avenue; G. H. Schulte, 516 Burchett street, and Attorney Harley Shaw, 212 West Park avenue.

Until the new church is finished, services will be held in Odd Fellows' hall in the new Ralphs building at 201 West Broadway. Christian Endeavor meetings and mid-week prayer circles will be held in the homes of various members. Evening services will be discontinued.

Eagle Heights Tract Addition In Demand

"Have you seen the wonderful view from the Eagle Heights tract addition?"

It is being put to all his friends and acquaintances by H. V. Henry, local sales manager for the J. Harvey McCarthy company.

"A wonderful view may be obtained from this property," he stated this morning in his office at the east end of Broadway. "The street work has now progressed to such an extent that it is now possible to motor right up to the top of the hill. Hundreds of people are now coming up there just for the view. It is possible to see the ocean, Catalina Island, the entire San Fernando Valley and the mountains 68 miles beyond. The view is a revelation to many of the residents of Glendale."

"The First Eagle Heights tract is now practically sold out. Last week we put on the market the Canyon Crest Hospital property under the name of the Eagle Heights tract addition. One-half of that is sold out already."

"This lies within one block of the new high school site and only four blocks from the Broadway grammar school. A car line passes on Wilson avenue."

"The subdivision is being improved to the fullest extent with the highest class of street work, ornamental trees and granite electroliners."

"Restrictions of \$7,500 make it an extremely exclusive section. In the Eagle Heights tract four homes are now under construction and more are to be started soon. For the new tract several \$10,000 or \$15,000 residences are being planned."
